

**UNIVERSITY OF IBADAN
POSTGRADUATE COLLEGE**

**GUIDE TO
ADMISSIONS**

2021/2022

Version 1

When the roll is called of those
who deserve resounding success
by their hardwork and devotion,
You surely will answer 'aye'!
But the race is not always
won by the best horses;

Accidents do occur.

It is the desire of the Postgraduate College that the efforts of her students be crowned with resounding success in the quest for truth and knowledge in the Nation's Premier Institution of Higher Learning.

UNIVERSITY OF IBADAN - AN INTRODUCTION

The University of Ibadan was founded in 1948 as a College of London University, with 104 students spread among three Faculties: Arts, Science and Medicine. It became an autonomous, degree-granting institution in 1962. Today, the University has a total enrolment of about 20,000 students shared among the following faculties: Arts, Science, Basic Medical Sciences, Clinical Sciences, Dentistry, Public Health, Pharmacy, Agriculture, Renewable Natural Resource, Economics Multidisciplinary Studies, the Social Sciences, Education, Veterinary Medicine, Technology, School of Business, Law as well as an Institute of African Studies, Institute of Education, Institute of Advance Medical Research and Training and the Centre for Literacy Training and Development in Africa. The enrolment of postgraduate students used to be about 40% but it is now over 50%.

The University of Ibadan over the years has been highly ranked in Nigeria and in Africa. For instance, the university was ranked by the National Universities Commission as the Overall Number 1 in its 2004 Ranking of Nigerian Universities. Ibadan was also ranked No 1 in Dentistry, No 1 in Medicine/Health Sciences; No 1 in Pharmacy, No 1 in the Sciences, No 1 in Veterinary Medicine; No 2 in the Social Sciences, and No 3 among Research Universities. Moreover, Ibadan was ranked No 1 in PhD Graduate Output. Recent Global ranking of Universities places Ibadan the 493rd in the world and 4th in Africa. We are still moving on. Postgraduate programmes at Ibadan have been so successful for a variety of reasons. These include:

1. Financial autonomy

The funds realised from postgraduate students at the University of Ibadan are ploughed back to service postgraduate training and research by allocating the greater percentage of such fees into the academic departments and the Postgraduate College.

2. In order to encourage postgraduate students endowed with outstanding research potentials to undertake full-time research leading to a PhD of the University of Ibadan, the Postgraduate College has established four schemes, namely:

- (a) The University of Ibadan Postgraduate College Scholarship Scheme
- (b) The University of Ibadan Postgraduate College Teaching and Research Assistantship Scheme
- (c) The University of Ibadan Postgraduate College Student candidates with perfect CGPA
- (d) The University of Ibadan Postgraduate College Scholarship for Students Living with Physical Disability

3. Funding Support to Academic Units for the Publication of Learned Journals no less than 15 academic journals are supported annually

4. Maintenance of an active academic environment through the Interdisciplinary Research Discourse Series.
5. A comprehensive review of the regulations governing higher degrees. After extensive discussions and deliberations by various sub and Ad-Hoc Committees of the Curriculum Committee, Executive Committee and the Board of the Postgraduate College, Senate approved “*The 2004 Regulations Governing Higher Degrees*” in the University of Ibadan (ISBN 978-37883-0-2),the document was revised in 2014 and updated in 2020. The entire postgraduate curriculum is now being reviewed and revamped taking into cognisance recent trends and developments in the various disciplines offered at the University.
6. Academic workshops to strengthen the capacity of postgraduate students and teachers are organised on a regular basis for postgraduate students and teachers: Such workshop focus on issues bordering on:
 - Research methodologies
 - Grant making
 - Conceptual frameworks in Research;
 - Use of Statistics and the ICTs;
 - Writing a PhD thesis;
 - Writing academic papers;
 - Development of a unique University of Ibadan Manual of Style (UIMS);
 - Ethics in Research.
7. Research publications.
8. Information Communication Technology Support to all academic units (Departments, Faculties, Institutes, Centres and the College of Medicine) to aid in teaching, research and publications.

The University has three postgraduate halls of residence with the capacity of 2,800 bed spaces. Most of these halls lie within walking distance University Library of learning facilities. Two more are to be constructed and completed next year

The University houses an Arts Theatre and a resident performing company which, all the year round, produces a wide variety of plays generally available in the city (with a population of over two million people, the largest in black Africa). The university has several sports facilities including the sports complex which has soccer, hockey, cricket, basketball, volleyball pitches, and a gymnasium. Courts are provided for tennis and squash. There is also an Olympic-size swimming pool. The campus is well-laid out with clear inscriptions on roads and monuments. It is a habitat for several rare and endangered plant species.

THE INFORMATION CONTAINED HEREIN IS INTENDED AS A GUIDE TO PROSPECTIVE APPLICANTS FOR ADMISSION. CANDIDATES ARE ADVISED UPON ADMISSION TO CONSULT DEPARTMENTAL AND FACULTY BROCHURES AS THEY RELATE TO THEIR RESPECTIVE PROGRAMMES AND COURSES OF STUDY.

All correspondences should be addressed to:

Deputy Registrar (Admissions and General Administration)

July, 2021*

1. ADMISSION

General Regulations Governing Admission to Higher Degree Programmes

- (a) Candidates for admission to higher degree programmes shall normally be graduates of the University of Ibadan or other Universities/Institutions recognised by the Senate. Admission shall be made by the Postgraduate College on the recommendation of the appropriate Faculty Postgraduate Committee.
- (b) Candidates without any previous higher degrees in the relevant discipline may be admitted only to either the Degree of Master or the Professional Degree of Master.
- (c) Candidates with recognised “Research Higher” Degree in the relevant discipline may be admitted to the M.Phil or Ph.D. degree programmes as appropriate, on the recommendation of the appropriate Faculty Postgraduate Committee.
- (d) Where, in respect of an otherwise eligible candidate with a higher degree, a firm recommendation for admission to the Ph.D. degree programme cannot

be made, a Faculty may recommend that a candidate be admitted provisionally to the M.Phil/Ph.D. programme pending an assessment report. Such an assessment shall be made by a panel set up by the Faculty Postgraduate Committee on the recommendation of the student's department and shall take place not later than the end of the first semester of registration.

(e) **SPECIAL WAIVER FOR MATURED APPLICANTS**

All University of Ibadan graduates should be admitted to Postgraduate programme with the ordinary level criteria existing at the time their first admission. Candidate who did not fulfill the requirement as at the time of their admission are not eligible for consideration.

Special consideration may be given to candidates, who obtained their first degree not less than 20 years from the time of seeking admission to any postgraduate programmes. Such candidates must have been found to possess special skills or abilities and professionally or academically engaged during the period 20 of years.

2. TYPES OF ADMISSION

(i) ***Full-Time Admission***

Full-time admission can be offered only to candidates who satisfy the Postgraduate College that they are **not in employment**, or that they have been **released by their employers** to undertake full-time studies. Candidates found to have made a false declaration in this regard shall be asked to **withdraw** from the University.

(ii) ***Part-Time Admission***

Candidates may be admitted to part-time registration, if they are on the academic staff of the University or can satisfy the Postgraduate College that facilities for their work as part-time students are adequate. Candidates applying for part-time registration may be asked to show evidence of release by their employers.

(iii) ***Admission as Occasional Students***

Candidates who satisfy the minimum entry requirements for higher degree programme and are recommended by the Faculty Postgraduate Committee

may be admitted as occasional students, but shall not be awarded a degree of the University of Ibadan. This type of admission is also open to candidates registered for higher degrees of other Universities, recognised by Senate.

3. APPLICATION FORMS

Requests for application forms into higher degree programmes of the University are normally made every year. The procedure for obtaining Application Forms is available at www.pgcollege.ui.edu.ng.

Application forms cost ₦13,000 for academic programmes and ₦18,000 for professional programmes. Applicants for the degree of Master and Postgraduate Diploma are to pay an extra ₦3,000:00 for test of proficiency in English Language.

4. GUIDELINES FOR FILLING APPLICATION FORMS

- (a) All application forms are to be submitted on-line. Applicants are to approach any Bank with payment advice on the portal. Note that E-channels are available.
- (b) Incomplete information from an applicant may delay or halt action on such application.
- (c) A candidate may apply to only one department or programme.
- (d) Applicants are to upload their relevant credentials and submit along with their application electronically
- (e) ***Acknowledgement of Application***

Applicants would be informed electronically (through the e mail addresses provided in the electronically completed Application form) of progress in the processing of their forms.

(f) ***Letters of Recommendation***

The Postgraduate College, University of Ibadan, requires three e-letters of recommendation from faculty members or others well acquainted with the student's academic work. Please note that the referee forms are part of the on-line application to be completed and submitted electronically.

(g) ***Transcripts/Certificates***

Official transcripts of all degrees completed are to be mailed directly to the Deputy Registrar/Admission Officer Postgraduate College. If the Registrar of an applicant's University will provide an official copy to the College directly, applicants must enclose along with the application an unofficial or student's copy of the transcript for temporary reference. To prevent delays, applicants should make adequate arrangements with their Registrars of their educational institution(s) to provide transcripts before the stipulated deadline.

5. ADMISSION CRITERIA

The University of Ibadan does not discriminate on the basis of race, colour, sex, sexual orientation or preference, age, religion, national or ethnic origin, or physically challenged in the admission of students to all rights, privileges, programmes and activities generally accorded or made available to students in the administration of its educational policies and scholarship facilities. Applications are considered on a competitive basis by the Faculty Admissions Committee which evaluates all available information and selects the best qualified applicants from those whose credentials meet the standards for admission.

In every case, decisions are reached through a comparison of the academic merits of all applicants applying in the same field. A bachelor's degree in a broad programme of general education is normally prerequisite for admission but is not sufficient in itself. Foreign applicants are expected to have bachelor's degree with at least a Second Class Upper Division from Universities recognised by the Senate. Since the language of instructions in the University of Ibadan is English, proficiency in reading, writing, **speaking and understanding English is required for admission. Applicants for the degree of Master and Postgraduate Diplomas shall be required to sit for a proficiency test and obtain a mark of at least 40% before their application can be considered.** Academic records are also examined to determine whether the applicant has established a firm basis for graduate work in the proposed field of study. Letters of recommendation or Referee's Reports are given very serious consideration.

When an applicant fails to provide required documents, (transcripts, etc) his or her admission chances suffer in relation to those whose credentials are complete.

Interviews

Interviews/subject tests maybe required for some programmes. The relevant Departments in collaboration with the Postgraduate College Admission Office will arrange such interviews/tests

Policy on Deferred Admission:

The Postgraduate College, University of Ibadan, does not entertain deferment of admissions. Any offer of admission not taken up in the particular year it is given, may be considered to have lapsed. The affected candidates may however, reapply in the following academic year if they are still interested in their respective course of study.

Such applications will be considered afresh along with other new forms. No bias would however be introduced.

6. AVAILABLE FACULTIES/DEPARTMENTS AND RESEARCH PROGRAMMES

(a) Doctor of Philosophy (Ph.D), Master of Philosophy (M.Phil), Master of Public Health (M.P.H.), Degree of and other Master degree such as M.A., M.Sc., M.Ed, LL.M, These are available in the following Faculties/disciplines:

(i) Arts

Arabic and Islamic Studies: (Arabic Language and Literature, Islamic Studies);

Archaeology and Anthropology, (Ethnoarchaeology, Theory and Method in Archaeology Pre-Historic, Archaeology of Africa, Archaeology of Tropical Regions Environmental Archaeology, Cultural Resources Management and Museum Science, Culture of Development Studies, Applied Anthropology, Medical Anthropology Media Anthropology).

Classics; Classical Literature, Ancient History, Ancient Philosophy, Ancient Science and Religion, Classical Archaeology and History of Africa in Antiquity, Epigraphy: Latin Epigraphy; Greek Epigraphy, Classical Mythology, Gender Issues in the Classical World, Roman law and International Relations and Diplomacy

Communication and Language Arts; Receptive Communication/Language Arts, Expressive Communication/Language Arts, Applied Communication, Book Development and Publishing, Broadcasting and Broadcast Journalism, Print Journalism, Public Relations, Advertising, Indigenous Communication

English

English Language: Contrastive Analysis, Varieties of English, English as a Second Language, Socio Linguistics, Stylistics, Pragmatics, Discourse Analysis Phonology/Phonetics of English, Psycholinguistics, Syntax, Semantics

Literature: Oral Literature, African Literature in English, English Literature, Caribbean Literature, American Literature, Literature Theory and Criticism

History:

Linguistics & African Languages: Nigeria Languages, Literatures (Yoruba or Igbo), Applied Linguistics, Sociolinguistics, French Studies, Translation, Comparative Literature, Linguistics (Phonology, Syntax, Applied Linguistics, Sociolinguistics), Yoruba Language, Yoruba Literature

European Studies:

French Studies: Translation Studies, French Literature, Caribbean Literature

Comparative Literature, Francophone African Literature

European Studies: Intra European History and Governance, Contemporary European Culture

Philosophy: Metaphysics, Epistemology, Philosophical Logic, Ethics

Traditional African Philosophy, Philosophy of the Social Science, Social and Political Philosophy, Philosophy of Science, Philosophy of Language, History of Philosophy, Philosophy of Culture.

Religious Studies: African Traditional Religion, Christian Theology, Church History and Doctrine, Comparative Study of Religions, Islamic Studies, Old Testament, New Testament, Philosophy of Religion, Religious Ethics, Sociology of Religion

Theatre Arts: Theatre History, Theatre Theory and Criticism, Arts of the Theatre – Acting, Theatre Directing, Technical Theatre and Theatre Technology; Costume and Make-up Design; Sound Design; Lighting Design; Speech and Rhetorical Arts; Music Arts; Dance and Choreographic Arts, Media Arts/Media Studies (Film/Television, Radio and Folk Arts), Theatre Management and Arts Administration, Tourism Management

Theatre for Development/Community Theatre, Educational Drama and Children's Theatre

(ii) Science

Archaeology and Anthropology: Theory and Method in Archaeology, Pre-Historic and Historic Archaeology especially of Africa, Cultural Resources Management and Museum Science, Cultural Development Studies, Applied Anthropology

Botany: Ecology, Ethnobotany, Economic Botany, Biotechnology, Palynology, Lower Green Plants/Environmental Pollution Monitoring, Mycology/Fungal

Plant Anatomy, Plant Taxonomy/Biosystematics, Plant Pathology
Plant Genetics/Molecular Biology, Plant Physiology & Biochemistry.

Microbiology: Food Microbiology, Industrial Microbiology and Biotechnology
Environmental Microbiology, General Microbiology.
Pathogenic Microbiology

Chemistry: Physical Chemistry, Organic Chemistry, Inorganic Chemistry, Analytical Chemistry, Industrial Chemistry, Environmental Chemistry and Pollution Control.

Computer Science: Software Engineering, Data Mining, Knowledge Management, Computer Networking, Information Security, Artificial Intelligence, Knowledge Representation, Bioinformatics, Language Theory.

Geography Science: Climatology, Geomorphology, Biogeography (Soils and Vegetation), Land Resources Analysis and Planning, Quantitative Techniques, Geographical Information Systems, Hydrology and Water Resources.

Geology: Mineral Exploration (with options in Geophysics, Geochemistry and Economic/Mining Geology), Industrial Mineralogy, Geochemistry/Petrology/Soil Mineralogy, Quaternary Geology/Environmental Geology, Applied Geophysics, Petroleum Geology/Sedimentology, Micropaleontology/ Biostratigraphy, Economic Geology, Petrology/Structural Geology, Micropaleontology/Palynology, Sedimentology/Sequence Stratigraphy, Engineering Geology/ Hydrogeology.

Mathematics: Algebra/Geometry, Functional Analysis, Dynamical Systems and Applications, Numerical Analysis/Financial Mathematics, Operations Research /Probability.

Physics: Solid State Physics, Instrumentation

Meteorology and Physics of Lower Atmosphere, Radiation and Health Physics, Solid Earth Physics, Solid State Physics, Theoretical Physics.

Statistics: Biometry, Computational Statistics, Economic and Financial Statistics
Environmental Statistics, Statistical Design of Investigation.

Zoology: Animal Physiology, Cell Biology and Genetics, Cellular Parasitology, Ecology/Environmental Biology, Entomology, Hydrobiology and Fisheries,

Parasitology.

(iii) Basic Medical Sciences

Anatomy: Neurobiology, Histology and Histochemistry, Developmental Anatomy Osteology and Myology, Anthropometry, Genetics and forensic Anatomy, Cardiovascular Anatomy, Gastrointestinal and Morphological Anatomy, Neuroscience, Neurotraumatology.

Biochemistry: Cancer Research and Molecular Biology, Membrane Biochemistry and Biotechnology, Molecular Drug Metabolism and Toxicology, Nutritional and Industrial Biochemistry

Chemical Pathology: Nutrition and Metabolism, Reproductive endocrinology, Toxicology

Haematology: Haemoglobin, Haemostasis blood Coagulation, Platelet fibrinolysis, Anaemias with emphasis on Nutritional Anaemias, Blood Transfusions Immunohaematology Haematological Malignancies, Enzymology especially G6PD

Pharmacology & Therapeutics: Autonomic Pharmacology, Chemotherapy, Pharmacology of Inflammation, Ethnopharmacology and Toxicology, Clinical Pharmacokinetics, Neuropharmacology, Drug Evaluation in man, Organ and System Pharmacology.

Physiology: Applied & Environmental Physiology, Gastrointestinal Physiology & Inflammation,

Endocrine & Metabolism Physiology, Reproduction & Developmental Programming,

Neurosciences & Oral Physiology, Cardio-Respiratory Physiology

Medical Microbiology and Parasitology: Bacteriology, Parasitology, Mycology

Virology: Diagnostic Virology, Viral Chemotherapy and Oncology, Viral Entomology Molecular Virology, Epidemiology and Pathogenesis of Virus infection

Immunology: Immunology

(iv) Clinical Medical Sciences:

Anaesthesia:

Nursing: Nursing Education, Nursing Administration, Medical/Surgical Nursing

Mental Health/ Psychiatric Nursing, Community Health Nursing, Maternal and Child Health Nursing

Psychiatry:

Paediatrics: Cardiology, Growth and Development, Endocrinology/Metabolism, Gastroenterology/Nutrition, Genetic/Haematology, Neonatology, Nephrology, Neurology, Oncology, Pulmonology, Paediatrics and International Child Health,

Physiotherapy: Neurological Physiotherapy, Cardio-pulmonary Physiotherapy, Orthopedic Physiotherapy, Sports and Recreational Physiotherapy

Surgery: Surgical Sciences. Bioethics (Bioethics Has dual Status –Check under Faculty of Multidisciplinary Studies)

Community Medicine: Health Metrics, Humanitarian Studies, Global Diseases and Tobacco Control, Occupational Health Practice,

Obstetrics and Gynaecology: Fertility and Reproductive Endocrinology, Assisted Conceptions, Gynaecological Oncology (Including genetic studies) Fetomaternal Medicine, Urogynaecology.

Otorhino-laryngology:

Ophthalmology: Embryology and Anatomy of the human Eye, Ocular Physiology, Subspecialty Ophthalmology, Human genetics, Ocular Microbiology, Immunology, Sterilization and sterile products, Tropical Ocular Infections.

Visual Loss in Children, Visual Loss in Adults, Computers in Medicine, Basic statistical procedures, Evaluation of drug action in man, Ocular Pharmacology, The Eye in Systemic Diseases, Health systems development, Nuclear Medicine,

Bioethics and biotechnology, Imaging science in Surgery, Lasers and their application in Ophthalmology, Wounds, wound healing and biotechnology of tissue culture

Radiation Oncology:

Global Health:

(v) **Dentistry**

Dentistry: Oral & Maxillofacial Surgery, Oral Pathology, Conservative Dentistry, Child Oral Health, Prosthodontics, Orthodontics, Community Dentistry, Periodontology

(vi) **Public Health**

Epidemiology and Medical Statistics: Epidemiology, Biostatistics, Clinical Epidemiology, Epidemiology, Field Epidemiology Practice, Medical Demography.

Environmental Health:

Human Nutrition and Dietetics: Public Health Nutrition/Community Nutrition, Clinical Nutrition and Dietetics, International Nutrition, Food and Nutrition Policy, Food Analysis and Quality Control

Health Promotion and Education: Population and Reproductive Health Education, Reproductive and Family Health,

Health Policy and Management: Health Services Administration, Health Policy and Management.

Community Medicine: Occupational Health Practice, Occupational Nursing
Reproductive and Family Health

Institute of Child Health: Public Health Biotechnology, Social aspects of Child Health
Child and Adolescent Health

(vii) **Pharmacy**

Pharmaceutics and Industrial Pharmacy: Pharmaceutics, Pharmaceutical Technology, Physical Pharmacy.

Pharmaceutical Microbiology: Antimicrobial Agents, Natural Antimicrobial Products
Microbial Genetics, Microbial Drug Resistance and Public Health.

Clinical Pharmacy: Pharmacotherapeutics, Drug Interactions, Drug Utilization, Clinical
Pharmacokinetics, Pharmacoepidermiology.

Pharmaceutical Chemistry: Pharmacokinetics and Bioavailability studies,
Photochemical studies, Natural product chemistry, Pharmaceutical Analysis and drug
quality control.

Pharmacognosy: Standardization of molecular authentication of Medicinal plants and
Herbalmedicines, Biological activities of Nigerian Medicinal Plants,
Tissue Culture, Phytochemistry.

(viii) Agriculture

Agricultural Economics: Resources Economics, Agricultural Business and Financial
Management, Agricultural Policy and Planning, Agricultural Marketing, Production
Economics and Farm Management.

Agricultural Extension and Rural Development: Agricultural Extension, Rural
Sociology, Rural Communication, Home Economics.

Crop and Horticultural Sciences: Crop Production, Horticulture, Plant Nutrition, Crop
Physiology, Farming Systems, Weed Science, Plant Breeding, Seed Production, Pasture
Agronomy/ Forage Production

Soil Resources Management: Soil Science, Agricultural Mechanization, Soil Chemistry,
Soil Physics and Conservation, Soil Fertility, Soil Survey and Land Use Planning, Soil
Microbiology, Agrometeorology, Soil Mineralogy

Animal Science: Animal Production and Management, Animal Physiology and
Bioclimatology, Animal Breeding and Genetics, Animal Products and Processing,
Agricultural Biochemistry and Nutrition.

Crop Protection and Environmental Biology: Crop Protection (Entomology),Crop Protection (Phytopathology),Crop Protection (Vertebrate Pest Management),Crop Protection (Weed Management),Crop Improvement (Plant Genetics),Environmental Biology (Crop Physiology),Environmental Biology (Plant Ecology),Environmental Biology (Ecotoxicology).

(ix) Renewable Natural Resources

Aquaculture and Fisheries Management:

Aquaculture: Water quality, Pollution and Toxicology, Fish Nutrition, Fish Biotechnology and Genetics, Fish Hatchery Management, Aquaculture Engineering, Culture Systems, Fish Post Harvest Technology and Food Safety, Fish Marketing and Product Development.

Fisheries Management: Fisheries Ecology, Fisheries Economics and Extension, Fisheries Policy, Planning and Development, Gear Technology, Fish Biology, Fish Biodiversity Management, Wetland Fisheries Resources Management, Fisheries Recreation, Oceanography and Deep Sea Fisheries Management.

Forest Production and Products: Forest Ecology and Biodiversity Management, Forest Genetics and Silviculture, Forest Products Processing and Utilization, Forest Product Chemistry.

Social and Environmental Forestry: Forest Economics and Governance, Forest Biometrics and Information System, Urban and Environmental Forestry.

Wildlife and Ecotourism Management:

Wildlife Management: Herpetology, Ornithology, Protected Area Management, Environmental Impact Study, Wildlife Extension Programme, Wildlife Utilization, Wildlife Genetics, Animal Ethology, Wildlife Physiology.

Ecotourism Management: Ecology Management, Tourism Management, Hotel and Catering Management, Transport and Logistics Management (Air and Sea Port Management), Ecotourism Legislation and policy, Ecotourism Extension, Ecotourism Economics, Fisheries Recreation (Sport Fishing and Others), Aqua-Tourism.

Biodiversity Management: Ecosystem Management, Biodiversity Economy, Legislation and Policy Management, Biodiversity Utilization and Management,

Biodiversity Extension Programme, Biodiversity Conservation.

(x) The Social Sciences

Geography: Geography, Water Resource Management, Geo-Information.

Political Science: Comparative Politics, International Relations, Political Sociology, Public Administration, Political Economy, Political Theory.

Sociology: Social Policy, Social Anthropology, Demographical and Population Studies, Sociology of Industry and Work, Political Sociology, Deviant behavior and Social Problems, Criminology and Penology, Medical Sociology/Anthropology, Social Stratification and Mobility, Industrial and Labour Relations, Rural Sociology, Social Administration, Industrial Sociology, Political Sociology, Urban Sociology, Sociology of Development.

Psychology: Industrial and Organisational Psychology, Clinical Psychology, Personality and Social Psychology, Developmental Psychology,

(xi) Economics and Management Sciences

Economics: Economic Theory, Public Sector Economics, Accounting and Finance, Monetary Economic, International Economics, Development Economics, Economic Planning, Petroleum and Energy Economics, Mathematical Economics, Econometrics, Health Economics, Economics of Education, Political Economy, Transportation Economics, Urban and Regional Economics, Economic History.

Accounting:

Banking Finance:

Marketing & Consumer Studies:

(xii) Environmental Design and Management

Urban and Regional Planning: Urban and Regional Planning (M.U.R.P), Housing Development and Management, Housing.

(xiii) Education

Adult Education: History of Adult Education, Comparative Adult Education, Literacy, Philosophy of Adult Education, Psychology of Adult Education, Industrial Education, Organisation and Administration of Adult Education, Economics of Adult Education, Principles and Methods of Adult Education, Sociology of Adult Education, Social Welfare, Curriculum Studies in Adult Education, Sociology of Adult Education, Communication Arts, Principles and Methods of Community Development, Literacy, Training and Development (M.L.T.D).

Educational Management: Personnel Administration in Education, Institutional Administration, Educational Systems Administration, Educational Planning and Policy Analysis, Economics of Education, Educational Management Information System (EMIS).

Counselling and Human Development Studies: Educational Psychology and School Counselling, Career Counselling, Adolescent Psychology and Youth Counselling, Assessment and Testing Marriage and Family Life Counselling, Remedial and Reformatory Counselling, Clinical Psychology, STI/HIV/AIDS Counselling, Educational Psychology, Counselling Psychology, Test and Measurement, Developmental Psychology, Personnel Psychology.

Special Education: Speech Pathology and Audiology, Education of the Visual handicapped, Education of Gifted and Talented Children, Learning Disabilities, Education of the Deaf, Mental Retardation.

Library, Archival & Information Studies: Library and Information Studies, Archives, Record and Information Management, Health Information Management, Publishing and Copyright Studies.

Social work: Industrial Social Welfare, Social Welfare, Health Social Work, Community Development.

Human Kinetics: Organisation and Administration of Human Kinetics, Education and Sports, Recreation and Leisure Management, Biomechanics, Motor Learning Exercise Physiology, Curriculum, Sociology and Psychology of Sports,.

Health Education: Health and Safety Education, School and Community Health Education Instruction and Evaluation in Health Education,

Arts and Social Sciences Education: Curriculum Studies and Instruction, Social Studies Education, Geography, Political Science, Economics, Geography, Political Science, Economics.

Early Childhood and Educational Foundation: Early Childhood Education, Philosophy of Education, Sociology of Education, Comparative Education, History and Policy of Education.

Science, Mathematics and Technology Education: Mathematics Education, Educational Technology, Science Education (Biology, Physics & Chemistry).

School Library and Media Technology: Research in Media Resources, Media in Education, Media Services to Special Group, ICT in School Media programme, Children/Youth Library Services, School Media specialist in Curriculum Planning and Implementation
Bibliotherapy in Children and Youths rehabilitation.

(xiv) Veterinary Medicine

Veterinary Anatomy: Skin Biology, Reproductive and Endocrine Biology, Neurobiology
Lymphology, Immunobiology.

Veterinary Theriogenology: Veterinary Obstetrics and Gynaecology, Andrology and Artificial insemination, Small Animal Theriogenology, Large Animal Theriogenology, Wildlife and Aquatic Theriogenology, Avian Theriogenology, Assisted reproductive Theriogenology,

Veterinary Medicine: Avian Medicine, Companion Animal Medicine, Food Animal Medicine
Fish and Aquatic Medicine.

Veterinary Surgery and Radiology: Anaesthesia, Emergency and Critical care, Orthopaedics,
Diagnostic Imaging, Small Animal Surgery, Farm Animal Surgery, Equine Surgery.

Veterinary Pathology: Anatomic Pathology, Clinical Pathology, Poultry Pathology.

Veterinary Microbiology: Microbial Chemistry, Microbial Genetics, Mycology, Advanced Virology,
Advanced Bacteriology A, Advanced Bacteriology B, Immunology, Biostatistics, Environmental
Microbiology.

Veterinary Parasitology and Entomology: Veterinary Parasitology, Helminthology, Protozoology,
Entomology, Acarology.

Veterinary Public Health and Preventive Medicine:

Preventive Veterinary Medicine(M.P.V.M): Advanced Epizootiology, Veterinary Biometrics, Veterinary Extension, Veterinary Technical Writing and Reporting, Veterinary Econometrics, Design and Implementation of the Herd Health Schemes, Applied Veterinary Immunology, Veterinary Project Identification and Appraisal, Advances in Veterinary Extension, Technical Report Writing, Strategies for the Prevention and Control of Diseases in Animal Population, Veterinary Business Organisation and Administration, Advanced Epizootiology, Disease Surveillance and Emergency Preparedness, Advances in Vaccine Production and Vaccinations, Veterinary Biometrics, Advances in Veterinary Jurisprudence, Laboratory Diagnostic Methods.

Veterinary Public Health (M.V.P.H): Advanced Meat and milk hygiene, Veterinary Biometrics, Advanced Epizootiology, Applied Veterinary Immunology, Technical Report Writing, Fish and Shellfish Hygiene, Advances in Veterinary Jurisprudence, Laboratory Diagnostic Methods, Control of Major and Emerging Zoonoses, Veterinary Environmental Health, Advances in Veterinary Extension, Abattoir Design and Management, Animal By-Products and Hazard.

Master of Science-Epizootiology: Advanced Epizootiology, Applied Vet. Immunology, Technical Report Writing, Disease Surveillance and Emergency Preparedness, Veterinary Biometrics, Capture Methods and Disease Control, Laboratory Diagnostic Methods, Animal by-products and HACCP.

Veterinary Pharmacology and Toxicology: Chemotherapy, Neuropharmacology, Toxicology, Smooth Muscle Pharmacology, Ethno-pharmacology.

Veterinary Physiology and Biochemistry:

Veterinary Physiology: Advanced Cardiology and Cardiovascular Physiology, Advanced Comparative Haematology, Gastrointestinal Physiology, Reproductive Physiology, Renal and Respiration Physiology, Environmental Physiology, Neurophysiology

Veterinary Biochemistry: Oncology and Molecular Biology, Nutritional Biochemistry and Biotechnology, Drug Metabolism and Toxicology.

(xv) Technology

Agricultural and Environmental Engineering: Crop Processing and Storage, Environmental Engineering, Farm Power and Machinery, Farm Structures and Environment, Soil and water Conservation.

Wood Products Engineering: Biomaterial Process and Utilisation, Structural Design with Wood and Biomaterials, Biocomposite Engineering, Bionergy Engineering, Pulp and Paper Engineering.

Food Technology: Food Microbiology, Food Processing and Preservation
Food Chemistry, Food Quality Control.

Industrial & Production Engineering: Engineering Management, Production and Manufacturing Engineering, Operations Research, Ergonomics/Human Factors Engineering, Systems Engineering.

Petroleum Engineering: Drilling Engineering, Production Engineering, Reservoir Engineering, Natural Gas Engineering

Civil Engineering: Structural Material Engineering, Water Resources and Environmental Engineering, Highway and Transportation Engineering, Foundation and Geo-Technical Engineering, Public Health and Environmental Engineering.

Biomedical Engineering:

Mechanical Engineering: Thermo-fluids, Solid Mechanics, Production Engineering, Applied Mechanics, Material Technology.

Electrical/Electronic Engineering: Instrumentation and Control, Electrical Power Systems, Telecommunication.

(xvi) Faculty of Multidisciplinary Studies

Department of Peace, Security and Humanitarian Studies: Doctor of Philosophy(Ph.D), Master of Philosophy (M.Phil), Master of Humanitarian and Refugee Studies (M.H.R.S.), Peace and Conflict Studies (M.A.), Master of Science (MSS) Degree in Strategic Studies, Professional Master (MPBD) Degree in Peace Building and Development, Professional Master (CPM) in Cultural Production and Management, Master In Disaster Risk Management (DRM).

Department of Sustainability Studies: Doctor of Philosophy (Ph.D), Tourism Development, Master of Philosophy (M.Phil), M.Sc in Tourism Development, Cultural Tourism, Ecotourism, Climate of Society, Sustainable Development Practice.

Department of Mineral, Petroleum, Energy Economics and Law: Doctor of Philosophy (Ph.D), Master of Philosophy (M.Phil), M.Sc in (Energy Studies) Energy and

Environment, Energy Economics, Energy Finance, Energy Policy, Oil and Gas Economics, Economics of the Power Industry, Renewable Energy, Electricity Economics.

Department of Data and Information Sciences: Development and Evaluation of Information Systems; Information Technologies; Development Information Systems; Information Policy and Ethics; Information Resources Management; Information Products and Services; Informetrics; Information Economy and Society; Scholarly Communication in Science and Technology; Education for Information Sciences.

Bio-Ethics and Medical Humanities:

(xvii) LAW

Master of Law (LL.M)

The postgraduate degrees available in the faculty of Law are as follows:

Doctor of Philosophy (Ph.D), Master of Philosophy (M.Phil) and LL.M. The LL.M Degree Programme is conducted on an interdepartmental basis.

(xviii) Institute of African Studies: Doctor of Philosophy (Ph.D), Tourism Development, Master of Philosophy (M.Phil), M.Sc in Tourism Development, Cultural Tourism, Ecotourism, Climate of Society, Sustainable Development Practice

Anthropology; African History; African Law; African Music; African Visual Arts/Art History; Gender Studies, Diaspora and Transnational Studies , Traditional African Medicine and Belief Systems, Cultural and Media Studies- (a) Performance Studies (b) Literary Studies (c) Translation and Creative, Transformation Studies in Africa (TSA)

(xix) Institute of Education

Educational Evaluation (Programme Evaluation Option), Educational Evaluation (Test and Measurement Option), Educational Evaluation (Large Scale Assessment), Educational Evaluation (Curriculum Development and Evaluation Option)

(xx) Centre for Child and Adolescent Mental Health (CCAMH): Child and Adolescent Mental Health, Doctor of Philosophy (Ph.D), Master of Philosophy (M.Phil)

(xxi)

(xxi) School Of Business (UISB): Master in Business Administration (MBA) – Executive, Master in Business Administration (MBA), Agribusiness, Telecommunications, Marketing, Personnel, Finance and Accounting, Entrepreneurship and Operations Management

Business, Entrepreneurship and Executive Education

Professional Master (M.Sc in Entrepreneurship Studies)

Academic Master (M.Sc in Entrepreneurship Education)

Doctor of Philosophy (Ph.D) Entrepreneurship Education,

Master of Philosophy (M.Phil).

(xxiii) Other Programmes

(a) Doctor of Medicine (M.D.)

The degree programme is available in the College of Medicine only on part-time basis.

(i) Candidates for admission to the degree of M.D. examination must have obtained the degree of Bachelor of Medicine and Bachelor of Surgery or Bachelor of Dental Surgery of any University recognized by the Nigerian University Commission and is eligible for full registration with the Medical and Dental Council of Nigeria.

(ii) In every case, to be eligible to register for Doctor of Medicine (MD), a candidate should have a minimum of three (3) years post medical/dental professional qualification (M.B.B.S/BDS/MBChB) experience which shall include at least one year of professional experience in the specialty area of the intended study.

(b) General Regulation A.2: Registration

(i) A candidate shall be admitted to one the Departments in the College of Medicine and be registered as a candidate of that Department.

(ii) When applying for registration for the degree, the candidate shall provide evidence in writing that he had the benefit or advice from a Senior University Teacher in Medicine/Dentistry of the University (a Senior Lecturer with a M.D./Ph.D. or a Reader/Full Professor) in the field covered by the subject of the proposed thesis. Such a teacher must be acceptable to the Postgraduate Committee of the College of Medicine and the Postgraduate College.

(b) Doctor of Letters (D.Litt.), Doctor of Science (D.Sc.) and Doctor of Laws (LL.D)

Postgraduate Diploma Courses are available in the following Faculties and disciplines.

- | | |
|--|--|
| (i) Arts | Theatre Arts,
Postgraduate Diploma in
Religious Studies (PGDRS) |
| (ii) Science | Statistics.
Postgraduate Diploma in
Radiation Protection. |
| (iii) Clinical Sciences | An aesthesia,

Radiation Oncology
Postgraduate Diploma in
Radiotherapy Technology (PGDRT) |
| (iv) Education | Full-Time P.G.D.E.
Professional Postgraduate
Diploma in Teaching <u>in</u> Higher
Education (P.G.D.T.H.E.)
Postgraduate Diploma in Pedagogy
(P.G.D.P) in the Department of Arts
and Social Sciences Education.
Postgraduate Diploma in Social

7. Areas of Specialisation

Information on areas of specialisation in the various Degree programmes will be supplied along with application forms. Read this carefully since transfer of forms may not be entertained.

8. General Admission Requirements for Higher Degree

- (a) The basic qualification for admission to all postgraduate Courses and Programmes is a first degree of the University of Ibadan or degree/Higher National Diploma of other recognized Institutions in the relevant discipline. Where qualifications are not strictly in the area of admission, remedial courses, which may lead to additional periods of studentship, may be prescribed.

In addition to individual Departmental requirements, applicants must satisfy the 'O' Level first degree matriculation requirements of the University of Ibadan i.e five 'O' Level credit passes at ONE sitting or 6 'O' level credits at TWO sittings including English Language and subject areas for ALL disciplines and Mathematics for ALL Science-based disciplines, Educational Management and Economics and at least a pass in Mathematics

for other Social Science Courses OR Holder of NCE must have credit passes in WASC or credit or merit passes in TC II (obtained between 1967 and 1981) in English Language and four other relevant matriculation subjects.

- (b) Candidates for the degree of M.Phil and Ph.D. are admitted in the first instance to the Degree of Master Programme. However, candidates who, in addition to a good first degree, and already holding acceptable postgraduate degrees, may be considered for direct admission to the M.Phil and Ph.D. Programmes.

AVAILABLE PROFESSIONAL DEGREE PROGRAMMES

A. FACULTY OF ARTS

DEPARTMENT OF COMMUNICATION AND LANGUAGE ARTS

Professional Master of Communication Arts (MCA)

Print and Broadcast Journalism
Advertising
Public Relations
Applied Communication

(i) *The Programme*

This programme consists of courses, taught over three semesters, leading to the degree of Master of Communication Arts (M.C.A.) in the Department of Communication & Language Arts. The following areas of emphasis are offered.

- (a) Basic Language Arts (Speech, Reading and Writing including Creative and Technical Writing);
- (b) Mass Communication (Print and Broadcast Journalism, Advertising and Public Relations);
- (c) Book Development and Publishing; and
- (d) Applied Communication (Organizational, Business, Instructional and Development Communication).

(ii) Admission Requirements:

Candidates for admission to the programme should hold a minimum of a first degree in any discipline from a recognised University or possess acceptable professional qualifications such as HND or other approved equivalents. Candidates must have acquired a minimum of five years post-qualification working experience, including the National Service year where applicable.

Final selection will be based on written examination and oral interview of short-listed candidates. Candidates are therefore encouraged to provide their e-mail addresses and telephone numbers to facilitate invitation for the interview.

In addition to the above requirements, applicants must satisfy the 'O' Level/First degree matriculation requirements of the University of Ibadan, i.e. 'O' Level Credit passes in five subjects at ONE sitting or 6 'O' Level credits at TWO sittings including English Language and other relevant matriculation subjects.

DEPARTMENT OF PHILOSOPHY

Master of Professional Ethics (M.P.E)

(i) The Programme:

The programme is mainly for decision-makers in various areas of life, for example, Politics, Government, Education, Business, Medicine, Nursing, the News Media and the Military and Para-military services. The duration of the course is a minimum of three semesters for full-time registration and a minimum of four semesters for part-time registration.

(ii) Admission Requirements:

Prospective students are expected to have an honours degree (minimum of third class) from a recognized University and at least one year work experience. HND holders with a minimum of a Lower Credit and at least two years' work experience are also eligible for admission.

In addition, applicants must satisfy the O'level, first-degree matriculation requirements of the University of Ibadan, that is, five O'level credit passes at one sitting or six O'level credit passes at two sittings, including English Language.

DEPARTMENT OF RELIGIOUS STUDIES

Postgraduate Diploma in Religious Studies (PGDRS)

(i) Objectives

To provide an avenue for meeting the aspirations of religious functionaries, professionals and other individuals from diverse academic fields of learning who do not have background knowledge in Religious Studies and satisfying their aspirations to acquire deeper knowledge in the academic study of religion

(ii) Admission Requirements:

The course is specifically designed for those who have already acquired a First Degree (B.A or B.Sc. or B.Th. or B.Ed.) or a Higher National Diploma (HND) in any field of learning, seeking to proceed for a higher Degree in religious studies. To qualify for admission, candidates must possess the following:

- (a) 5 'O' level credits at one sitting or 6 'O' level credits at two sittings to include English Language.
- (b) A Bachelors Degree or a Higher National Diploma from any recognized Institution.
- (c) Or B.A. Theology, B. Th, M. Div or M.Th from any recognized Theological Institution.

FACULTY OF SCIENCE

DEPARTMENT OF CHEMISTRY

Professional Master of Environmental Chemistry and Pollution Control (M.E.C.P.C)

(i) Admission Requirements:

Candidates eligible for admission into the professional programme of Master of Environmental Chemistry and pollution control (M.E.C.P.C) shall be:

- (a) Graduates of Chemistry, Industrial Chemistry or other chemical sciences e.g.

Applied Chemistry, Biochemistry, Geology, Agronomy, e.t.c of the University of Ibadan or other Universities approved by the senate of the University of Ibadan. In addition, such candidates shall be expected to possess at least two years relevant post-graduation work experience in the public or private sectors.

- (b) Holders of Higher National Diploma, (HND), or its equivalent in Chemistry, Industrial Chemistry or other Chemical Sciences (e.g. Applied Chemistry, Biochemistry, Geology e.t.c) from higher institutions recognized by the senate of the University of Ibadan. Applicants must have passed at a level not below an upper credit, or its equivalent.

In addition to the above requirements, applicants must satisfy the ‘O’ level first degree matriculation requirements of the University of Ibadan, i.e. five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language, Mathematics, Chemistry and Biology and any other two Science subjects.

In addition, such candidates shall be expected to possess at least three years postgraduate working experience in the public or private sectors

DEPARTMENT OF COMPUTER SCIENCE

Professional Masters in Business Computing (M.B.C.)

(i) Admission Requirements:

(a) Bachelor’s degree in Computer Science, Business, Economics, Engineering, Sciences, and Social Sciences with at least a Third Class (Honours) degree.

OR

(b) Bachelor’s degree (Second Class Lower degree minimum) in any other discipline.

OR

(c) HND in Computer Science, Business, Financial Studies and Engineering with at least an Upper Credit.

NB: In addition to the above requirements, applicants must satisfy the O’level first degree matriculation requirements of the University of Ibadan, i.e. five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language, Mathematics, Chemistry and Biology and any other two Science subjects.

(ii) Duration

The Professional Masters in Business Computing (MBC) programme shall normally last for a minimum of three semesters and maximum of five semesters for full time study. Duration for part-time study will follow Postgraduate College guidelines.

DEPARTMENT OF PHYSICS

Professional Master of Radiation Protection (M.R.P.)

(i) ***Admission Requirements:***

Candidates for the M.R.P. degree programme must fulfill the requirements of the Postgraduate College of the University of Ibadan and as well as meet the requirement specified below.

A first degree in Physical and Biological Sciences, Computer Science or Engineering from a recognised University. In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language, Mathematics, Chemistry and Biology and any other two Science subjects.

(ii) ***Duration and Mode of study:***

Candidates are expected to complete the M.Sc. programme in three (3) semesters, full time or five (5) semesters part-time minimum.

DEPARTMENT OF ARCHAEOLOGY & ANTHROPOLOGY

Professional Master in Forensic Science (MFS)

Admissions requirement

The programme is open to candidates with a minimum of Third Class First Degree in relevant courses in Arts, Social Sciences, Law, Agricultural Sciences, Education, Medicine and sciences of the University of Ibadan or other Universities recognized by the Senate. Candidates with Higher National Diploma (Lower Credit) or equivalent may also apply. In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language and any other relevant Subjects.

Special consideration may be granted to candidates who have demonstrated track record of experience in the practice of Crime Investigation and Mass Disaster Management.

Duration

The duration of the course shall normally be 3 semesters for Full-Time studies or 5 semesters for Part-Time studies.

DEPARTMENT OF MATHEMATICS

Professional Master in Financial Mathematics (MFM)

The Programme

The programme is open to all interested and qualified applicants with sufficient mathematical background.

Admission Requirements:

Admission to Professional Master in Financial Mathematics is open to:

- a. Graduates of this University and other approved Universities and higher institutions recognized by the Senate of the University of Ibadan, with a minimum of 3rd Class honors degree in Mathematics, Sciences, Engineering and Social Sciences. It is however required that non-Mathematics graduates must pass a minimum of four (4) courses in Mathematical Sciences. Such courses are Elementary Differential Equations, Elementary Algebra, Calculus, Elementary Statistics, Computer Programming, Mathematical Analysis, Operations Research and Numerical Analysis during their undergraduate programme.
- b. Holders of H.N.D. with a minimum of Lower Credit in the above specified disciplines shall be considered. They are however required to have passed a minimum of four courses in the Mathematical Sciences at both OND/HND levels.

In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language, Mathematics, Chemistry and Biology and any other two Science subjects.

- c. Lecture Period is Flexible

FACULTY OF ENVIRONMENTAL DESIGN AND MANAGEMENT

DEPARTMENT OF URBAN & REGIONAL PLANNING

Professional Master of Urban and Regional Planning (M.U.R.P.)

(i) The Programme:

This is a two-year full-time programme, leading to the degree of Master of Urban and Regional Planning (M.U.R.P). It consists of courses, seminars, laboratory and studio demonstrations, individual projects and a three-month period of internship. (The programme is recognised by the Nigerian Institute of Town Planners).

(ii) Admission Requirements:

- i. 5 'O' Level Credits at ONE sitting or 6 'O' Level Credits at TWO sittings including English Language, Mathematics and any other subject from Science, Social Science or Arts.

Admission to the Master of Urban and Regional Planning degree programme is open to graduates of approved Universities; who have been admitted to the appropriate post graduate diploma and Full Professional Diplomas with a minimum of lower credit level pass in Town Planning will also be considered

Professional Master of Housing Development and Management(MHDM)

(i) The Programme:

The M.Sc. in Housing programme offered by the Department of Urban and Regional Planning provides an avenue to develop a crop of practitioners/professionals who are theoretically and practically competent to rise to the challenges which housing issues present. This is achieved through lectures, seminars, fieldwork, laboratory/studio demonstrations and case studies.

(ii) Admission Requirements:

Admission to the M.Sc. Housing Programme is competitive and open to graduates of the University of Ibadan or other Universities recognized by the Senate, in the Social Sciences, Administration, Environmental Design and Management, Technology, Law, Sciences and Environmental Health. Limited number of candidates with long-standing experience in housing oriented establishments, but with recognized equivalent professional membership may be considered for admission. HND graduates with minimum of 5 years post-qualification experience may also be considered for admission.

- ii. In addition to the above requirements, applicants must satisfy the 'O' Level first degree matriculation requirements of the University of Ibadan i.e five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language, Mathematics OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and any other subject from Science, Social Science or Arts .

(iii) Duration

The programme can be run full-time or part-time and will extend over a minimum of three (3) Semesters for full-time studies and minimum of five (5) semesters for part-time studies.

FACULTY OF THE SOCIAL SCIENCES

DEPARTMENT OF SOCIOLOGY

Master of Industrial and Personnel Relations (M.I.P.R)

(i) *The Programme*

A three-semester programme of courses shall be provided leading to the Degree of Master of Industrial and Personnel Relations (M.I.P.R.), (formerly known as Master of Industrial and Labour Relations) (MILR). The revised programme now enriched with personnel courses enables students to specialize in any of the following areas of their choice: Industrial relations, human resource management and labour market.

Candidates with recognized professional qualifications such as AIB, ACA, ACCA, ACIS, CIPM and HND holders (minimum of lower credit) with at least three years work experience are also eligible to apply. Evidence of sponsorship from reputable organizations will be added advantage.

In addition to the above requirements, applicants must satisfy the ‘O’ Level and first degree matriculation requirements of the University of Ibadan i.e five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects.

DEPARTMENT OF ARTS AND SOCIAL SCIENCES EDUCATION

Postgraduate Diploma In Teaching In Higher Education (P.G.D.T.H.E.)

Candidates shall be holders of a first degree, M.A., M.Sc. and Ph.D. and must in addition, be teachers at a higher educational institution. This includes Universities, Colleges of Education, Polytechnics, and any other higher Education that may be recognized by the Senate of the University of Ibadan. The programme accommodates candidates from all areas of Specialization.

Apart from general requirements, applicants for Science Education, Mathematics Education, Educational Technology, Sociology of Education and Social Studies Education are required to possess credit in Mathematics while others should possess at least a pass.

In addition to the above requirements, applicants must satisfy the ‘O’ Level first degree matriculation requirements of the University of Ibadan i.e five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects.

DEPARTMENT OF SPECIAL EDUCATION

Professional Master of Rehabilitation of Exceptional Persons (M.R.E.P)

Candidates must have a good and relevant first degree in the following areas: Education, Sociology, Sciences, Psychology, Political Science, Community Health, Psychiatry, Rehabilitation Teachers, Severe Special Needs Nursing, Human Development.

Candidates with Higher National Diploma (H.N.D) in relevant discipline plus two years cognate experience will be considered for admission.

In addition to the above requirements, applicants must satisfy the ‘O’ Level first degree matriculation requirements of the University of Ibadan i.e five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects

SCHOOL LIBRARY AND MEDIA TECHNOLOGY

Professional Master in Media Resource Management (M.M.R.M)

Admission Requirements:

The Centre offers the following programmes and courses approved by the University Senate: Admission to the programme shall normally be open to recognised graduates with one of these qualifications of the University of Ibadan or of other Universities approved by the Senate of the University of Ibadan:

- iv. B.L.I.S., B.Ed., B.A., B.Sc., with a minimum of 3rd Class
- v. H.N.D. – with at least 3years post qualification experience

The degree of Master in Media Resource Management is to produce professionally qualified media specialists to run the school library media centres at the primary and secondary school levels, manage the state and national education resource centres, establish and run the resource centres for the external study programmes, the Media houses and National Information Centres. The can also be employed as librarians in libraries. The degree of Master in Media Resource Management is subject to the University regulations governing higher degrees.

DEPARTMENT OF DATA AND INFORMATION SCIENCE

Professional Master of Information Resources Management (MIRM)

Corporate Knowledge Management

Database Design and Administration

Web Application Development

Information Management Practice

(i) Objectives:

This is a professional programme that aims to:

- a) Develop the students' knowledge and skills for professional careers in information technology and systems and management positions in the information industry.
- b) Produce graduates with generic data, information, knowledge and information technology management skills, along with specialized knowledge and skills in specified areas in the information industry.
- c) Produce graduates with adequate versatility, innovativeness and confidence to assume leadership positions at middle to top managerial position in the information industry.

Target Group

University graduates or higher national diplomats, or equivalents who are interested in pursuing professional and managerial careers in the information sciences, technology and systems.

(ii) Admission Requirements:

Applicants to the programme must possess any of the following minimum qualifications, or equivalents, obtained from institutions approved by Senate:

- a) Second Class honours degree in any discipline;
- b) Third Class in any discipline, plus an academic or professional master's degree in any discipline.
- c) Higher National Diploma (HND) at Upper Credit classification.

In addition to the above requirements, applicants must satisfy the 'O' Level first degree matriculation requirements of the University of Ibadan i.e five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects.

(iii) Duration and Mode of Study

The programme will normally last for a minimum of five and a maximum of eight semesters of part-time study.

Please note that the part-time does not mean weekend only programme but lesser workload per semester than the full-time

FACULTY OF AGRICULTURE

DEPARTMENT OF FOREST PRODUCTION AND PRODUCTS

Professional Master of Agroforestry (M.A.F.)

(i) Programme:

This is a two-year Master's degree programme. It combines both course work and project research. Candidates will be required to undertake field research lasting between 3 and 9 months at the end of which a dissertation will be written and submitted for assessment. The Professional Master of Agroforestry is a terminal Degree.

(ii) Admission Requirements:

The Professional Master of Agroforestry is open to candidates with Second Class (Lower Division), Third Class or Pass Degree or Higher National Diploma Degree in the relevant subject area.

In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language, Mathematics, Chemistry and Biology and any other two Science subjects.

DEPARTMENT OF WILDLIFE & ECOTOURISM MANAGEMENT

Postgraduate Diploma in Biodiversity Management (PGDBM)

(i) Admission Requirement:

Applicants will be required to have either a minimum of first degree in Agriculture, the Sciences, Forestry, Wildlife Management, Fisheries Management and Conservation and Tourism Management of the University of Ibadan or any other recognized Universities.

Or an HND (with O' level Credit Pass in English and Mathematics) in Tourism, Agriculture, Sciences, Forestry Wildlife Management, Fisheries Management and three years relevant experience.

In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O' level credit passes at one sitting or six O' level credit passes at two sittings including English Language, Mathematics, Chemistry and Biology and any other two Science subjects.

FACULTY OF TECHNOLOGY

DEPARTMENT OF ELECTRICAL & ELECTRONIC ENGINEERING

Professional Master of Science in Microprocessor & Control Engineering

(i) The Programme:

The Professional Master's degree (M.Sc.) in Microprocessor and Control Engineering is aimed at providing suitably qualified candidates with a deeper understanding and a longer practice in the fields of Microprocessor and Control Engineering.

The programme will also be useful in updating the knowledge of professional Engineers in the fields of Electronics & Control Engineering.

(ii) Admission Requirements:

- (a) Admission to the programme shall be open to the graduates of the University of Ibadan or other Universities recognised by the Senate who possess a good honours degree in Electrical/Electronic Engineering or other related disciplines such as Physics, Physics with Electronics and other Engineering courses. Candidates with HND upper credit and above/equivalent qualifications in Electrical/Electronic Engineering with industrial experience of not less than ten (10) years may be considered for admission.

(iii) Duration

The professional M.Sc. programme shall last a minimum of three semesters.

DEPARTMENT OF MECHANICAL ENGINEERING

Professional Master of Science in Energy Technology and Management

(i) Admission Requirements:

Candidates for admission into the programme shall be first degree holders in engineering of the University of Ibadan or other Universities recognized by the Senate of the University of Ibadan.

Candidates with the Postgraduate or equivalent professional qualification in engineering or related disciplines and who have had at least two years of

relevant industrial experience shall also be considered for admission. Candidates must fulfill all admission requirements for matriculation into the University of Ibadan.

In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language, Mathematics, Physics, Chemistry and any other Science subject.

(ii) *Duration of the Programme*

The duration of the programme shall be a minimum of three and a maximum of five semesters for the full time students while part-time students will normally be expected to spend a minimum of five and a maximum of seven semesters.

DEPARTMENT OF AGRICULTURAL AND ENVIRONMENTAL ENGINEERING

Professional Master in Mechanization and Post Harvest Technology (M.ScMPT)

(i) *Duration of the Programme:*

The minimum period study is three (3) semesters for full-time and five (5) semesters for part-time. The maximum time required for graduation is five (5) semesters and seven (7) semesters for full-time and part-time respectively.

(ii) *Admission Requirements*

Graduates holding at least a first degree in Engineering, Science, Agricultural and food related disciplines. Candidates with a good honors degree in less relevant subjects but with relevant working experiences may be considered. In all circumstances, evidence of relevant in-service training will be an advantage. HND holders with Postgraduate Diploma in relevant disciplines and minimum of three (3) years post-qualification experience will also be considered.

In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two

sittings including English Language, Mathematics, Physics, Chemistry and any other Science subject.

DEPARTMENT OF WOOD PRODUCTS ENGINEERING

Professional Master in Furniture and Interior Design (MFID)

(i) The programme

Applicants shall be required to have a first degree (with a minimum of Third Class (Honours) in wood Products Engineering, Chemical Engineering, Civil Engineering, Industrial & production Engineering, Mechanical Engineering, Architecture, Forestry, wood Technology, Industrial Design, or other relevant discipline. Relevant working experience would be advantage. HND holders in the afore-mentioned discipline may also be considered for admission.

(ii) Admissions Requirements

In addition to the above requirements, applicants must satisfy the 'O' level first degree matriculation requirements of the University of Ibadan, i.e. five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language, Mathematics, Physics, Chemistry and any other Science subject.

DEPARTMENT OF INDUSTRIAL AND PRODUCTION ENGINEERING

Professional Master of Engineering Management (M.E.M)

(i) The programme

The Professional Master of Engineering Management (M.E.M) Programme provides a blend of advanced engineering and business education aimed at preparing Engineers for effective participation in the management of engineering and technology-based organization as well as management of technological change. The programme is structured such that candidates can specialize in any of the following options: *Ergonomics and Safety Management, Logistics and Supply Chain Management, Project Management, or Maintenance Management.*

(ii) Admission Requirements

Applicants should normally possess an engineering honours degree from a recognized University with a minimum of two (2) years post graduation work experience.

HND graduates with a minimum of 5 years work experience may be considered.

In addition to the above requirements, applicants must satisfy the ‘O’ level first degree matriculation requirements of the University of Ibadan, i.e. five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language, Mathematics, Physics, Chemistry and any other Science subject.

(iii) *Duration of study*

Full Time: The duration of the programme shall be a minimum of three semesters for the full-time students

Part Time: The duration of the programme shall be a minimum of five semesters for the part-time students.

DEPARTMENT OF CIVIL ENGINEERING

Professional Master of Science in Construction Project Management (M.Sc. CPM)

(i) *The Programme*

The programme aims to enhance candidates’ understanding of managing projects for construction professionals in practice and client organisations, helping to support them in their professional capacity to contribute to the successful and timely delivery of construction projects. Candidates shall be motivated and equipped to play leading roles in construction projects management, engage effectively in improving the process through which companies, practices and projects are managed, and which in turn, manage the creation of the built environment.

(ii) *Admission Requirement*

A minimum of Second Class Degree (Lower Division) from a recognised University, in relevant subject areas and at least two years cognate work experience. Applications may be considered from candidates who have Higher National Diploma with a minimum of Lower Credit and at least four year’s experience in the Construction Industry at the Management level.

In addition to the above requirements, applicants must satisfy the ‘O’ level first degree matriculation requirements of the University of Ibadan, i.e. five O’level credit passes at one sitting or six O’level credit passes at two sittings including English Language, Mathematics, Physics, Chemistry and any other Science subject.

(iii) *Duration of Course*

The duration of the programme shall be a minimum of three semesters of full-time study or five semesters of part-time academic work.

(iv) *Collaboration*

The University of Ibadan has separate collaborative agreements with the University of West of England (UWE) and University of Wolverhampton (UoW), both in the UK based on Credit Recognition regarding the programme. Course credits may be transferred from the award of the degree of the respective universities. Successful candidates are to spend at least one Semester in UWE or UoW. However, candidates must satisfy the requirements governing the award of degrees in the particular institutions elected. Candidates interested in undergoing the programme fully in the University of Ibadan may also apply. Those who intend to obtain either the Postgraduate Certificate (PGC) or/and Postgraduate Diploma (PGD) should apply for only the UoW programme. Such candidates for PGC and PGD need not have post-graduation experience. The PGD obtained from UoW can be used for admission into the M.Sc. CPM of UoW.

DEPARTMENT OF BIOMEDICAL ENGINEERING

Professional Master of Biomedical Engineering

Admission Requirements

- Candidates for admission into the Academic Master's Degree programme shall be first degree holders (minimum of Second Class Lower) in Engineering, Sciences, Veterinary Medicine, Medicine, Dentistry and Clinical Sciences of the University of Ibadan or of other Universities recognised by Senate of the University of Ibadan. Those to be admitted for the Professional Master's Degree Programme should have a minimum of HND Lower Credit. Holders of Higher National Diploma may also apply for Postgraduate Certificate or Postgraduate Diploma programme. Candidates must fulfil all admission requirements for matriculation into the University of Ibadan.
- Admission to the programme shall normally be at the beginning of each academic session. All registration formalities shall normally be done at the beginning of the first semester as required by the University for Postgraduate training.

Programme Duration

The duration of the programmes shall be as follows:

- (i) **Postgraduate Certificate-** a minimum of one semester and a maximum of four semesters for the full time students while part time students will normally be expected to spend a minimum of two semesters and a maximum of four semesters.
- (ii) **Postgraduate Diploma-** a minimum of two semesters and a maximum of four semesters for the full time students while part time students will normally be expected to spend a minimum four semesters and a maximum of six semesters.
- (iii) **Master's-** a minimum of four semesters and a maximum of six semesters for the full time students while part time students will normally be expected to spend a minimum of

six semesters and a maximum of eight semesters.

FACULTY OF PHARMACY

DEPARTMENT OF PHARMACOGNOSY

Postgraduate Diploma in Herbal Medicine (PGDHM)

(i) *The Programme*

The philosophy of the programme is to produce healthcare professionals who will provide health care using locally available resources. The programme will bring to bear the knowledge of Science and Technology for sustainable development of herbal medicine in Nigeria and in the West African sub-region. The programme will focus heavily on standardisation of herbal products, introduction of good manufacturing and formulation practices and also bring to the knowledge of practitioners the wealth of standardised, safe and efficacious phytomedicines already in clinical practice within and outside the country.

(ii) *Objectives*

- (i) To train the students in the art of modern medicine practice by bringing Science and Technology to bear on the practice in Nigeria.
- (ii) To motivate the students towards herbal drug production as trained herbal producers thereby increasing the inventory of available drug products in the country and gradually creating a credible Nigeria herbal drug industry.
- (iii) To offer training in good manufacturing practices and standardization in order to enhance safety, potency and quality of herbal products.
- (iv) To introduce graduates and qualified practitioners of Herbal medicine to scientific techniques of medicinal plant quality assurance.

(iii) *Admission Requirements:*

Candidates for the Postgraduate Diploma in Herbal Medicine must fulfill the requirements of the Postgraduate College of the University of Ibadan as well as meet one of the requirements (a or b) specified below and any other conditions that may be required by the University of Ibadan Postgraduate School from time to time.

A first degree in Pharmacy, Medicine, Nursing, Botany, Chemistry, Biochemistry, Microbiology, Agriculture/Forestry, Zoology and other acceptable science related disciplines of the University of Ibadan or any other recognised University.

Higher National Diploma (HND) at least Lower Credit in acceptable science – based courses.

CENTRE FOR DRUG DISCOVERY, DEVELOPMENT AND PRODUCTION

Professional Master of Drug Development and Regulatory Pharmacy (MDDRP)

(i) The Programme

The aim of this programme is to provide professionals working within the pharmaceutical industry, government, academia, and relevant professions with core knowledge of the scientific, regulatory, clinical, ethical, and social issues relevant to the discovery, development, production, evaluation, registration, and promotion of medicines. The Programme also aims at building capacity to enhance local manufacturing and availability of prequalified facilities for drug manufacturing under internationally acceptable regulatory guidelines. The social goal of the programme is to improve the quality of health care by developing and promoting skills that hasten the development and supply of new therapeutic agents, and to assist in optimising the use of existing medicines and devices in order to maximise their benefits and minimize risks.

(ii) Admission Requirements

Candidates for admission for the Masters' degree in Drug Development and Regulatory Pharmacy (MDDRP) must fulfill the requirements of the Postgraduate College of the University of Ibadan as well as meet the requirements specified below and any other conditions that may be required by the University of Ibadan Postgraduate College from time to time.

A first degree (minimum of second class lower) in Pharmacy, Medicine, Veterinary Medicine, Nursing, Botany, Chemistry, Biochemistry, Microbiology, Biology, Physiology, Anatomy, Agriculture/Forestry, Agric. Engineering, Mechanical Engineering, Chemical Engineering, Petroleum Engineering, Food Technology, Zoology and other acceptable sciencerelated disciplines of the University of Ibadan or other recognised universities are eligible to apply. Work experience in pharmaceutical industry or medicine regulatory agency is an added advantage. Candidates must also satisfy the O'level requirements for their respective degree programmes in accordance with University of Ibadan regulations; that is five O'level credit passes at one sitting or six

O'level credit passes at two sittings including English Language and any other science subjects.

CENTRE FOR DRUG DISCOVERY, DEVELOPMENT AND PRODUCTION

Postgraduate Diploma in Drug Development

(i) The Programme

The aim of this programme is to provide professionals working within the pharmaceutical industry, government, academia, and relevant professions with core knowledge of the scientific, regulatory, clinical, ethical, and social issues relevant to the discovery, development, production, evaluation, registration, and promotion of medicines. The Programme also aims in building capacity to enhance local manufacturing and availability of prequalified facilities for drug manufacturing under internationally acceptable regulatory guidelines. The social goal of the programme is to improve on the quality of health care by developing and promoting skills that hasten the development and supply of new therapeutic agents, and to assist in optimizing the use of existing medicines and devices in order to maximise their benefits and minimise risks.

(ii) Admission Requirements

Candidates for admission for the Postgraduate Diploma in Drug Development (PDDD) must fulfill the requirements of the Postgraduate College of the University of Ibadan as well as meet the requirements specified below and any other conditions that may be required by the University of Ibadan Postgraduate College I from time to time.

- a) A first degree (minimum of a third class) in Pharmacy, Medicine, Veterinary Medicine, Nursing, Botany, Chemistry, Biochemistry, Microbiology, Biology, Physiology, Anatomy, Agriculture/Forestry, Agric. Engineering, Mechanical Engineering, Chemical Engineering, Petroleum Engineering, Food Technology, Zoology and other acceptable science related disciplines of the University of Ibadan or other recognised university.
- b) Higher National Diploma (HND) (at least Lower Credit) in acceptable science-based subjects.
- c) Candidates must also satisfy the O'level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-

graduates), or six O'level credit passes at two sittings including English Language and any other science subjects for others.

DEPARTMENT OF PHARMACEUTICAL CHEMISTRY

Postgraduate Diploma in Drug Analysis (PGDDA)

The programme shall be designated Postgraduate Diploma in Drug Analysis (PDDA).

Objectives

- To provide practicing analytical scientists with the opportunity to enhance their capability and leverage in the performance of their professional duties.
- To satisfy the consumer needs of the Nigerian Pharmaceutical Industry as the programme aims at producing on a regular basis the requisite manpower at this specialist level that can serve the needs of the Pharmaceutical Industry.
- To enhance their pre-qualification profile for recognition as analysts by regulatory bodies.

FACULTY OF PUBLIC HEALTH

DEPARTMENT OF ENVIRONMENTAL HEALTH SCIENCES

Professional Master in Safety, Health and Environment (MSHE)

The Professional Master's in Safety, Health and Environment is designed mainly/principally to produce Safety Practitioners who will be able to identify, assess and solve safety, health and environmental problems which arise in the workplace through the principles of good management practices. It is geared towards providing higher capacity skilled manpower, trained specifically for promoting health and preventing illness through applying scientific skills for better management of environmental hazards.

The long-term objectives of the programme are to:

1. produce graduates with requisite skills to identify hazards in the work place.

2. train graduates on design strategies for preventing and controlling hazards in the workplace so as to minimise injuries and associated health effects.
3. equip graduates with modern techniques of industrial hygiene and good manufacturing practices (GMP).
4. turn out graduates with relevant skills in risk communication and management.
5. produce high level manpower with sound knowledge and capacity to handle environmental audit in the work place.

Target Groups

The Professional Master's in Safety, Health and Environment, is intended to attract students from all over Africa and beyond. The target groups are industry workers who are in the Health, Safety and Environment (HSE) Departments as well as those in related Departments. Other categories of persons targeted for the course include Managers of HSE firms and other environmental agencies that require higher degree for career advancement.

Duration

The course shall be run as a full-time Professional Masters programme. The duration for the completion of the course shall be three semesters.

Admission Requirements

Applicants for the programme must satisfy the matriculation requirements of the University of Ibadan for their cognate disciplines.

Other requirements:

- a. Candidates for admission shall be holders of first degree from the University of Ibadan or other Universities approved by the Senate of the University in the Sciences, Social Sciences and Engineering. Candidates with Higher National Diploma (Upper Credit) in relevant fields shall

be considered for Admission. Possession of Postgraduate Diploma in relevant fields shall be an added advantage.

- d) Candidates eligible for admission should be currently employees of industries and other related agencies and organisations. Independent candidates must have cognate post-graduation experience of minimum of three years. In addition, applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language and other relevant science subjects.

Professional Master of Public Health (M.P.H.) In Environmental Health

(Department of Environmental Health Sciences)

Environmental health is a multidisciplinary subject and cuts across all sections and all levels of society. There is a growing public awareness on the need for environmental pollution control and protection of populations from the impact of environmental hazards. Environmental problems are hitherto being tackled by specialist groups belonging to a variety of disciplines in isolation. There is the need to train professionals at an advanced level using a multidisciplinary approach. The programme is thus intended to train people with various backgrounds in science, engineering and social sciences to tackle the most commonly occurring environmental problems with a view to safeguarding the health of communities.

(i) Aims and Objectives:

To prepare at Master's degree level public health practitioners with specialisation in Environmental Health to undertake:

Administration, policy formulation, planning, direction and evaluation of environmental health activities, particularly in Ministries of Health, Environment, Works and Housing, Education, Manufacturing Industries, and others dealing with Environment.

Teaching of environmental health in Universities, Institutions, Schools of Health, Technology, other Schools and in communities.

Challenging tasks in Local Governments, industries and organizations to alleviate the environmental problems.

Research to improve the quality of environment and to prevent diseases in communities and work places.

Liaison with health-related agencies concerned with environmental problems and to introduce environmental health education.

(ii) Admission Requirement:

Candidates for admission to the degree shall normally be graduates of this University or any other Institution recognised by the Senate of the University of Ibadan.

A Bachelors degree in the Sciences viz Chemistry, Microbiology, Botany, Geology; Applied Sciences viz Geography, Biochemistry, Physiology, Pharmacy, Pharmacology; Medicine/Medical Sciences; and Technology particularly Civil and Chemical Engineering(with at least a 2nd class). Other related disciplines may be considered depending on the level of competition and availability of space.

Experience in health, education, social welfare or other appropriate Ministry, Agency or Institution may be an added advantage.

Applicants with additional postgraduate experience shall have added Advantage.

DEPARTMENT OF EPIDEMIOLOGY AND MEDICAL STATISTICS

Professional Master of Public Health (M.P.H) in Field Epidemiology

Admission Requirements

The course is open to medical graduates of recognised Universities. Graduates of the applied medical sciences with a minimum of Second Class Upper Degree qualifications will also be considered for the course. Such candidates with other qualifications must have demonstrable track record of experience in the practice of Public Health and Epidemiology. All candidates will be invited for an admission interview. Prospective candidates must have obtained a NYSC certificate or an exemption and must provide evidence of sponsorship or availability of support for the course. **However, graduate of Anatomy, Physiology, Biochemistry, Zoology and Botany will not be considered for admission and therefore need not apply.**

(ii) Work experience:

The candidate must have served in health, education, or social welfare agency/ministry for a minimum period of two years continuously after having received his or her basic degree.

Professional Master of Public Health (M.P.H) in Field Epidemiology Practice

This programme fashioned after the Epidemiology Intelligence Service has the broad goal to foster professional development of practicing epidemiologists at national, state, and local government departments of health. The programme is organized in collaboration between the University of Ibadan; United States Centre for Disease Control and Prevention and Federal Ministry of Health. Other collaborators are the Ministry of Agriculture and Natural Resources and other international agencies. The programme has three tracks which are: MPH medical Epidemiology (MPHMEP), MPH Laboratory Epidemiology (MPHLEP), MPH Veterinary Epidemiology (MPHVEP).

General Admission Requirements for all track in field epidemiology practice:

- Must be currently employed by a Federal, State, or Local Government Department, agency or parastatal.
- Must show evidence of release to pursue the programme.
- Must have been confirmed or working for at least 2 years current employment.
- Must have at least a credit in English at O'levels.

In addition, applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language and other relevant science subjects.

- **MPH Medical Epidemiology (MPHMEP)**

This track is open to medical graduates of recognised Universities.

Specific Requirements: for each track.

(ii) MPH Laboratory Epidemiology (MPHLEP):

This track is open for graduates of the medical and laboratory sciences who has obtained a minimum of second class honours from a University recognized by the Senate of the University of Ibadan. Candidates must

possess the professional registration of the Institute of Medical Laboratory Sciences of Nigeria.

(iii) MPH Veterinary Epidemiology (MPHVEP)

This track is open for graduates of Veterinary Medicine from a recognised University.

Professional Master of Public Health (M.P.H) in Medical Demography

The programme offer broad training in the principles, theories and method of Demography with particular applications to reproductive health, population change in relation to health and socio-economic development.

(ii) Admission Requirements:

The course is open to graduates with MBBS or its equivalent and graduates of Mathematics, Statistics and Social Sciences such as Demography, Geography, Sociology and Actuarial Science of the University of Ibadan or any other University recognised by the Senate of the University of Ibadan.

Graduates of Mathematics, Social Sciences and Sciences should have a minimum of a second-class lower division qualifies to be considered for the course. However, candidates must have demonstrable track record of experience in practice of Public Health, Statistics, Population and Reproductive Health.

Professional Master of Public Health (M.P.H) in Monitoring & Evaluation

Requirements

The course is open to all graduates in the Statistics, Mathematics, Computer Science, Health and Social Sciences of the University of Ibadan or any other recognized university with a minimum of 2nd class honours lower division. Candidates with a third (3rd) class or Higher National Diploma (HND) in any of the stated disciplines listed above may also be considered. Prospective candidates must have obtained an NYSC certificate or an exemption and preferably show evidence of sponsorship for the course. Applicants currently employed in Public Health organisations or institutions are encouraged to apply. In addition, candidates must pass the postgraduate College English language proficiency test. Experience in planning, implementing, monitoring and evaluation of health programmes are advantageous. International applicants from Africa and the rest of the world who are currently serving public and non-public agencies in their respective countries are encouraged to apply.

Applicants must possess five (5) credits in related subjects at only one sitting (WASC/GCE/SSCE). The subjects should include English, Mathematics, and three other subjects

Duration and Mode of Study

The Programme will be on part-time mode on weekend basis (Friday and Saturday). The Programme will be completed in 5 semesters and maximum of seven (7) semesters of the University. The course work and field-based practical activity are designed to be completed in four semester-year while the last semester could be used to undertake MPH evaluation project report.

DEPARTMENT OF HEALTH PROMOTION AND EDUCATION

Professional Master of Public Health (M.P.H.) in Population and Reproductive Health Education.

(i) Objectives

The main objective of this programme is to broaden the knowledge and competence of graduates in core areas of Population and Reproductive Health Education.

Specific objectives are:

- (i) The programme is designed to apply knowledge from health and related disciplines to the understanding and promotion of health and its determinants.
- (ii) Graduates would acquire expertise that will enable them
 - (a) Assume leadership positions in private and public sectors including education institutions.
 - (b) Provide services such as consultation, research, teaching and technical assistance requiring advanced competences in Population and Reproductive Health Education.
 - (c) Formulate policies relating to Population and Reproductive Health Education.

(ii) Admission Requirements:

- a. Candidates for admission shall be holders of:

(i) Bachelor's degree in Medicine and Surgery (M.B.B.S) of the University of Ibadan or other Institutions recognized by the Senate and

(ii) Bachelor's degree (not below second class lower division) in Nursing, Biological Sciences, Social Sciences, Law and Education with adequate working experiences and demonstrated interest in Population and Reproductive Health Education.

b. The programme has both the full-time and part-time mode of admission.

(i) The full-time admissions shall be offered to candidates who satisfy the Postgraduate College regulation or evidence of release by their employers to undertake full-time studies for candidates on full employment. Candidates found to have made false declaration in this respect shall be asked to withdraw from the University.

In addition, applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language and other relevant science subjects.

In addition to the qualifications applicants must have adequate working experience relating to health promotion and education acquired during OR after the NYSC period. Working experiences are assessed at the Departmental Interactive session and/or oral interview with applicants.

DEPARTMENT OF HEALTH PROMOTION AND EDUCATION

Professional of Master of Public Health (M.P.H.) In Health Promotion and Education.

(i) Admission Requirements:

Candidates for admission shall be holders of:

(a) Bachelors degree in Medicine and Surgery (M.B.B.S) of the University of Ibadan or other Institutions recognized by the Senate

- (b) Bachelor's degree (not below second class lower division) in Nursing, Pharmacy, Biological Sciences, Health related sciences, Law, Public Health, Social Sciences and Education with demonstrated interest in Health Promotion and Education. .

In addition, applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language and other relevant science subjects.

- (c) In addition to the qualifications applicants must have adequate working experience relating to health promotion and education acquired during OR after the NYSC period. Working experiences are assessed at the Departmental Interactive session and/or oral interview with applicants.

DEPARTMENT OF COMMUNITY MEDICINE

Professional Master of Public Health (MPH) in Reproductive and Family Health

(i) Objectives:

The main objective of this programme is to broaden the knowledge and competence of graduates in core areas of Public Health with emphasis on Reproductive and Family Health.

(ii) Admission Requirements:

Candidates for admission shall normally possess Medical, Health Sciences or Social Sciences degrees from the University of Ibadan or other approved Universities recognised by senate with a minimum of Second Class Lower division. Post qualification experience shall be an advantage.

- a) In addition applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of

Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language and other relevant science subjects including English Language and Mathematics.

Duration:

The programme will be run for eighteen months with pre-determined and final project defense dates.

DEPARTMENT OF HEALTH POLICY AND MANAGEMENT

Professional Master of Health Services Administration (M.H.S.A.)

The M.H.S.A. degree focuses on the administration and management of public and private health sector institutions. It prepares candidates to work as health administrators, planners and managers in health systems and institutions such as hospitals, health maintenance organizations and health insurance companies.

(i) Objectives:

Note: The Programme will be run both on Part time and Full time bases.

(iii) Duration:

The Programme is of three semester duration, which includes three months of supervised internship, possibly at refugee camps, rehabilitation camps for internally displaced persons, conflict management departments within regional and sub-regional organizations, UN agencies with humanitarian mandates in Africa. It is also run as a part time programme in line with the postgraduate College regulations for part time programmes.

(IV) Scholarship opportunity is annually provided by the German Exchange Service (DAAD) for Non-Nigeria applicants. For more information on the scholarship, the Non-Nigeria applicants are advised to forward their application to this e-mail: secretarycepac@gmail.com

Master of Science in Strategic Studies

The Master of Science (MSS) programme in Strategic Studies is a unique programme and the first of such to be established by any university/ department in Nigeria.

The uniqueness and strength of the Ibadan master's degree in Strategic Studies lie not only in its being novel but because the programme also harnesses the potential pool of teaching and research competence of the department of Peace, security and humanitarian Studies for an intensive course of studies and seminars in subjects that are increasingly becoming of awesome interest and significance to Nigeria and her needs.

The programme is directed at three Objectives: Academic, Utilitarian, and Policy-Relevance. The programme aims at producing on a regular basis, the requisite manpower of informed specialists in both the civilian (**NB: Civilian must possess Certificate of National Defense College Nigeria before applying for this programme**) and military sectors that can deal with issues of public and/or military policy touching on Nigeria's security and interest.

In addition to the above requirements, applicants must satisfy the 'O' Level first degree matriculation requirements of the University of Ibadan i.e five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language OR Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects.

Master Degree in Strategic Studies M.Sc./M.S.S.

The Master Degree Programme in Strategic Studies is an Executive Programme. Candidates seeking to apply for the programme, apart from having the general University requirements; must also possess a working experience of 15 years and above or must have attained the level of Assistant Director in the public service or the managerial cadre in the private sector. For applicants in the Military, Paramilitary and Intelligent-services, they must have at least attained the rank of Lt. Colonel or its equivalent.

Professional Master in Disaster Risk Management (DRM)

Admission Requirements

Admission is open to graduates of this university and other approved universities with a good honours degree in the Social Sciences, Public Health and related disciplines, Agriculture and Forestry, Veterinary Medicine, Environmental Science, Town Planning, Science and Engineering or equivalent professional qualification such as H.N.D., etc with a minimum of lower credit. Working experience, especially in disaster risk management in government and the private sector.

In addition to the above requirements, applicants must satisfy the 'O' Level first degree matriculation requirements of the University of Ibadan i.e five O'level credit passes at one sitting or six O'level credit passes at two sittings including English Language OR

Teacher Certificate Grade II obtained between 1967 and 1981 with merit or credit passes in English Language and four other relevant matriculation subjects.

Professional Master in Peace Building and Development.

The Programme:

The programme is aimed at providing students drawn from Nigeria, Africa and other parts of the world with, primarily a practical understanding of the issues of peace and conflict in the modern world, and with particular reference to Africa, based on perspectives drawn from a range of academic disciplines. The focus of the programme is on how to produce peaceful outcomes from conflict situations.

Admission Requirements:

A candidate for admission into the programme shall be a graduate of the University of Ibadan or other approved universities who have been admitted to the appropriate degree of Bachelor. Holder of Higher National Diploma (Lower Credit) or other relevant professional qualifications who are working in related field shall also be considered for admission.

A candidate who is a degree holder and who has worked for three years (excluding National Youth Service) or a candidate who holds the Higher National Diploma with five years working experience in relevant agencies will have additional advantage.

In addition to the above requirements, applicants must satisfy the 'O' Level/First degree matriculation requirements of the University of Ibadan, i.e. 'O' Level Credit passes in five subjects at ONE sitting or 6 'O' Level credits at TWO sittings including English Language and other relevant matriculation subjects.

FACULTY OF LAW

MASTER OF LAW (LL.M)

(i) The Programme:

The LL.M degree programme is conducted on an interdepartmental basis.

(ii) Admission Requirements:

Professional Master in Integrated Rural Development in Africa (MSIRDA)

The Professional Master's Degree programme is aimed at teaching and research in Integrated Rural Development. It is geared towards training serving and aspiring rural development workers and others who wish to advance their knowledge, skills and expertise through specialized training in integrated rural development. The long-term objectives of the programme are:

- 1) to increase knowledge and enhance learning about rural development and sustainable development;
- 2) to promote transparency, accountability, professionalism, and efficiency in integrated rural development;
- 3) to generate alternative frameworks and guidance for rural development, seeking to strengthen national electoral systems;
- 4) to encourage the use of sustainable development practices in integrated rural development;
- 5) to identify cost-effective elements in sustainable design; and
- 6) to highlight the innovations and encourage knowledge-sharing in integrated rural development.

Admission Requirements

- (a) Admission to the MSIRDA Degree Programme is open to graduates of this University with at least Third Class or of other approved universities in the Social Sciences, Humanities, Sciences, Health Sciences, Technology, and Applied Sciences.
- (b) Candidates with Higher National Diploma with upper credit are also considered for admission. This however will depend on having appropriate years of post-graduation experience related to sustainable rural development.

In addition, applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language and other relevant science subjects.

Postgraduate Diploma in Climate and Society Programme (CSP)

Programme

The Postgraduate Degrees in Climate and Society Programme are aimed at teaching and research in Climate Change issues and development. It is geared towards training serving and aspiring development workers and others who wish to advance their knowledge, skills and expertise through specialised training in development in the context of Climate Change.

Objectives:

1. train middle and advanced level human resource on the science and impacts of climate change,
2. equip professionals with adequate skills to understand key issues, methodologies and approaches in climate change mitigation, adaptation and resilience,
3. bridge the gap between the scientific research and decision-making communities in climate change, its impact and adaptation issues,
4. increase understanding of methodologies and approaches in climate change adaptation,
5. promote resilience competencies in climate change-relevant contexts, including teamwork, communication and problem solving, and
6. strengthen ability to synthesise multi-disciplinary information and develop problem solving strategies using integrative approaches and systems thinking.

Admission Requirements

Applicants to the programme must satisfy the matriculation requirements of the University of Ibadan for their cognate disciplines.

- a) Admission to the Academic Master's in CSP is open to graduates of this University with at least 2nd Class Honours lower division or of other approved universities in relevant disciplines.
- b) Admission to the Postgraduate Diploma (PGD) in CSP is open to graduates of this University with at least a third (3rd) Class or other approved universities in relevant disciplines as well as holders of Higher National Diploma (HND), with minimum of lower credit from recognized institutions.

Duration:

The Academic Master's Degree in Climate and Society Programme will be of three semesters duration of full-time study. The first two semesters will be for taught courses and seminars while the third semester is for Research Project. Internship is compulsory for all programmes at Department of Sustainability Studies

In addition to the above requirements, applicants must satisfy the 'O' Level/First degree matriculation requirements of the University of Ibadan, i.e. 'O' Level Credit passes in five subjects at ONE sitting or 6 'O' Level credits at TWO sittings including English Language and other relevant matriculation subjects.

FACULTY OF VETERINARY MEDICINE

DEPARTMENT OF VETERINARY MEDICINE

Professional Master of Tropical Veterinary Medicine (M.T.V.M.)

(i) The Programme:

This programme consists of courses, taught over three semesters leading to the degree of Master of Tropical Veterinary Medicine, (M.T.V.M.) in the Faculty of Veterinary Medicine, especially in the areas of diagnosis epidemiology, control of tropical diseases and animal production.

(ii) Admission Requirements:

The programme is designed for those with a first degree in Veterinary Medicine (D.V.M., B.V.Sc. or equivalents) from a recognized University. Preference will be given to applicants with at least three years post-qualification experience.

DEPARTMENT OF VETERINARY MEDICINE

Professional Master of Veterinary Science (M.V.Sc.)

(i) The Programme

This programme consists of courses taught over three semester (full time) or five semesters (part time) leading to the degree of Master of Veterinary Science (M.V.Sc.) in four major areas of food animal, small and laboratory animal, poultry and fish medicines. Emphases are placed on diagnosis, epidemiology and control of tropical diseases.

(ii) Admissions Requirements

The programme is designed for those with a first degree in Veterinary Medicine (B.V.M. & D.V.M., B.V.Sc. or equivalent) from this University or any other recognized by the Senate of this University.

PHYSICS

M.Sc, M.Phil, M.Phil/Ph.D & Ph.D

- (a) Meteorology and Physics of Lower Atmosphere
- (b) Radiation and Health Physics
- (c) Solid Earth Physics
- (d) Solid State Physics
- (e) Theoretical Physics

(i) *Admission Requirements:*

Candidates for the M.Sc. must fulfill the requirements of the Postgraduate College of the University of Ibadan and as well as meet the requirement specified below.

A Bachelor of Science degree in Physics or Physics with Electronics from a recognised University. Bachelor of Education (with evidence of Mathematical Physics, Quantum Physics e.t.c. up to 400L). The first degree should not be below second class lower.

M.Sc. PHYSICS	5 'O' Level Credits at ONE sitting or 6 'O' Level Credits at TWO sittings including English Language, Mathematics, Physics and any two Science subjects from the following: Biology, Chemistry, Further Mathematics and Geography.	NOT BELOW SECOND CLASS LOWER
---------------	--	------------------------------

STATISTICS

M.Sc, M.Phil, M.Phil/Ph.D & Ph.D

Biometry

Computational Statistics

Economic and Financial Statistics

Environmental Statistics

Statistical Design of Investigation

STATISTICS	5 'O' Level Credits at ONE sitting or 6 'O' Level Credits at TWO sittings including English Language, Mathematics, and any other 3 or 4 subjects	NOT BELOW SECOND CLASS LOWER
------------	--	------------------------------

(ii) Higher National Diploma (HND) in the Science/Social Sciences based discipline.

(iii) Bachelor degree in the science based discipline (Science and social sciences).

Note that evidence of work experience in statistical related areas shall be an added advantage.

ZOOLOGY

M.Sc, M.Phil, M.Phil/Ph.D & Ph.D

Animal Physiology

Cell Biology and Genetics

Cellular Parasitology

Ecology/Environmental Biology

Entomology

Hydrobiology and Fisheries

Parasitology

ZOOLOGY	5 'O' Level Credits at ONE sitting or 6 'O' Level Credits at TWO sittings including English Language, Mathematics, Biology and Chemistry any other 2 Science subject from the following: Physics, Further Mathematics and Geography. *Economics will be counted as 6th subject.	NOT BELOW SECOND CLASS LOWER
---------	--	------------------------------

ENTRY REQUIREMENTS, DURATION AND REGISTRATION:

Admission to the programmes shall be open to graduates of the University of Ibadan or other Universities recognized by the Senate, who have been admitted to the Bachelor of Science Degree in

Zoology or related disciplines. Candidates admitted to the programmes shall be required to register for a minimum of 30 units, including ZOO 750, ZOO 751 and ZOO 752.

To qualify for the award of the Degree, a candidate must spend a minimum of three semesters and maximum of five semesters, and pass at least 30 units including all compulsory courses, as indicated for each programme. Candidates admitted to the programme may be required audit relevant courses at the undergraduate level.

Doctor of Medicine (M.D.) Degree Programmes of the University of Ibadan for 2021/2022 session

M.D. Degree

A. General Requirements for M.D. Degree

General Requirements governing higher degrees shall apply, with the following modification:

(a) General Regulation A.1: Admission

- (i) Candidates for admission to the degree of M.D. examination must have obtained the degree of Bachelor of Medicine and Bachelor of Surgery or Bachelor of Dental Surgery of any University recognized by the Nigerian University Commission and be eligible for full registration with the Medical and Dental Council of Nigeria.
- (ii) In every case, to be eligible to register for Doctor of Medicine (M.D.), a candidate should have a minimum of **three (3) years post medical/dental professional qualification(M.B.,B.S./BDS/MBChB) experience which shall include at least one year of professional experience in the specialty area of the intended study.**

(b) General Regulation A.2: Registration

- (i) A candidate shall be admitted to one of the Departments of the College of Medicine and be registered as a candidate of that Department.
- (ii) When applying for registration for the degree, the candidate shall provide evidence in writing that he had the benefit or advice from a Senior University Teacher of the University (a Senior Lecturer with a M.D./DDS/Ph.D. or a Reader/Full Professor) in the field covered by the subject

of the proposed thesis. Such a teacher must be acceptable to the Postgraduate Committee of the College of Medicine and the Postgraduate College.

FACULTY OF PUBLIC HEALTH

EPIDEMIOLOGY AND MEDICAL STATISTICS

ACADEMIC MASTERS DEGREE IN DEPARTMENT OF EPIDEMIOLOGY AND MEDICAL STATISTICS

- (a) M.Sc. Biostatistics
- (b) M.Sc. Clinical Epidemiology
- (c) M.Sc. Epidemiology
- (d) MPH Field Epidemiology
- (e) MPH Medical Demography

(a) M.Sc. B.Sc. Biostatistics

This programme is open to graduates of the Mathematical Sciences such as Mathematics, Statistics and Computer Science. Candidates must obtain at least second class lower degree at graduation. Prospective candidates must have obtained a NYSC certificate or an exemption and must provide evidence of sponsorship or availability of support for the course.

(b) M.Sc Clinical Epidemiology

This programme is only open to graduate of Nursing, Physiotherapy, human nutrition, medical laboratory sciences, radiology, dentistry and medicine, candidates must have profession medical degree or a second class upper degree in the cognate discipline. Candidates must show evidence of two years working experience in cognate settings including NYSC certificate or exemption.

(c) M.Sc Epidemiology:

This programme is open to graduates of Nursing, Physiotherapy, human nutrition, medical laboratory sciences, radiology, dentistry and medicine or public health. Candidates must have professional medical degrees or a second class upper degree in the cognate discipline. Candidates must show

evidence of two years working experience in cognate settings including NYSC certificate or exemption.

Graduates of Education, Basic Medical Sciences, such as Anatomy, Physiology, Biochemistry, Botany, will not be considered and need not apply.

Masters Degree:-	Basic/First Degree	REQUIREMENTS	CLASS OF DEGREE
M.Sc Biostatistics	Mathematics, Statistics, Computer Science	In addition, applicants must also satisfy the O' level requirements for their respective degree and diploma programmes in accordance with University of Ibadan regulations; that is: five O'level credit passes at one sitting for candidates coming with courses available in University of Ibadan, College of Medicine and Pharmacy (under-graduates), or six O'level credit passes at two sittings including English Language, Mathematics, Physics, Chemistry and Biology	NOT BELOW SECOND CLASS LOWER

M.Sc Clinical Epidemiology	MBBS, BDS, BMLS, B.Pharm and B.Sc Nursing,	Same as above	NOT BELOW SECOND CLASS UPPER
M.Sc Epidemiology	Nursing, Physiotherapy, Human Nutrition, Microbiology, Zoology, Medical Laboratory Sciences, Radiology Dentistry and Medicine or Public Health	Same as above	NOT BELOW SECOND CLASS UPPER
MPH Field Epidemiology	Nursing, Physiotherapy, Human Nutrition, Microbiology, Zoology, Medical Laboratory Sciences, Radiology Dentistry and Medicine or Public Health	Same as above	NOT BELOW SECOND CLASS UPPER
MPH Medical Demography	Mathematics, Statistics and Social Sciences such as Demography, Geography, Sociology, Actuarial	Same as above	NOT BELOW SECOND CLASS LOWER

DEPARTMENT OF VETERINARY MEDICINE

M.V.Sc.

M.Phil, M.Phil/Ph.D &Ph.D

Avian Medicine

Companion Animal Medicine

Food Animal Medicine

Fish and Aquatic Animal Medicine

Wild and Captive Animal Medicine

DEPARTMENT	O'LEVEL REQUIREMENT	UNIVERSITY DEGREE
VETERINARY MEDICINE	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sittings in: English Language Mathematics Chemistry Physics Biology And any other science subject.	DOCTOR OF VETERINARY MEDICINE (DVM)

DEPARTMENT OF VETERINARY PATHOLOGY

M.V.Sc

M.Phil, M.Phil/Ph.D &Ph.D

Anatomic Pathology

Clinical Pathology

Poultry Pathology

DEPARTMENT	O'LEVEL REQUIREMENT	CLASS OF DEGREE
VETERINARY PATHOLOGY	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sittings in: English Language Mathematics Chemistry Physics Biology And any other science subject.	NOT BELOW SECOND CLASS LOWER

DEPARTMENT OF VETERINARY MICROBIOLOGY

M.Sc. Veterinary Microbiology

M.V.Sc. Veterinary Microbiology

M.Phil, M.Phil/Ph.D &Ph.D

Microbial Chemistry

Advanced Bacteriology A

Advanced Bacteriology B

Advanced Virology

Microbial Genetics

Mycology

Immunology

Environmental Microbiology

Biostatistics

DEPARTMENT	O'LEVEL REQUIREMENT	CLASS OF DEGREE
VETERINARY MICROBIOLOGY	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sittings in: English Language Mathematics Chemistry Physics	NOT BELOW SECOND CLASS LOWER

	Biology And any other science subject.	
--	---	--

DEPARTMENT OF VETERINARY PARASITOLOGY AND ENTOMOLOGY

**M.Sc. Veterinary Parasitology,
M.V.Sc Veterinary Parasitology**

M.Phil, M.Phil/Ph.D, Ph.D

Helminthology
Protozoology
Entomology
Acarology

A combination of any two areas is also allowed

DEPARTMENT	O'LEVEL REQUIREMENT	CLASS OF DEGREE
VETERINARY PARASITOLOGY AND ENTOMOLOGY	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sittings in: English Language Mathematics Chemistry Physics Biology And any other science subject.	NOT BELOW SECOND CLASS LOWER

DEPARTMENT OF VETERINARY PUBLIC HEALTH AND PREVENTIVE MEDICINE

M.P.V.M. Reventive Veterinary Medicine

M.Phil, M.Phil/Ph.D & Ph.D

Advanced Epizootiology

Veterinary Biometrics
Veterinary Extension
Veterinary Technical Writing and Reporting
Veterinary Econometrics
Design and Implementation of the Herd Health Schemes
Veterinary Project Identification and Appraisal
Strategies for the Prevention and Control of Diseases in
Animal Population
Veterinary Business Organisation and Administration
Advanced Epizootiology
Applied Veterinary Immunology
Advances in Veterinary Extension
Technical Report Writing
Disease Surveillance and Emergency Preparedness
Advances in Vaccine Production and Vaccinations
Veterinary Biometrics
Advances in Veterinary Jurisprudence
Laboratory Diagnostic Methods

M.V.P.H Veterinary Public Health

M.Phil, M.Phil/Ph.D &Ph.D

Advanced Meat and milk hygiene
Advanced Epizootiology
Applied Veterinary Immunology
Technical Report Writing
Veterinary Biometrics
Advances in Veterinary Jurisprudence
Laboratory Diagnostic Methods
Control of Major and Emerging Zoonoses
Veterinary Environmental Health
Advances in Veterinary Extension
Fish and Shellfish Hygiene
Abattoir Design and Management
Animal By-Products and Hazard

MASTER OF SCIENCE-EPIZOOTIOLOGY

M.sc. Epizootiology

M.Phil, M.Phil/Ph.D &Ph.D

Advanced Epizootiology
 Applied Vet. Immunology
 Technical Report Writing
 Disease Surveillance and Emergency Preparedness
 Veterinary Biometrics
 Capture Methods and Disease Control
 Laboratory Diagnostic Methods
 Animal by-products and HACCP

DEPARTMENT	O'LEVEL REQUIREMENT	CLASS OF DEGREE
VETERINARY PUBLIC HEALTH AND PREVENTIVE MEDICINE	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sittings in: English Language Mathematics Chemistry Physics Biology And any other science subject.	NOT BELOW SECOND CLASS LOWER

DEPARTMENT OF VETERINARY ANATOMY

M.sc Veterinary Anatomy

M.Phil, M.Phil/Ph.D &Ph.D

Skin Biology
 Reproductive and Endocrine Biology
 Neurobiology
 Lymphology
 Immunobiology

DEPARTMENT	O'LEVEL REQUIREMENT	CLASS OF DEGREE

DEPARTMENT OF VETERINARY PHARMACOLOGY AND TOXICOLOGY

M. Sc. Veterinary Pharmacology

M.Phil, M.Phil/Ph.D &Ph.D

- Chemotherapy
- Neuropharmacology
- Smooth Muscle Pharmacology
- Ethno-pharmacology
- Toxicology

ADMISSION REQUIREMENTS FOR MASTERS DGREE PROGRAMME IN THE DEPARTMENT OF VETERINARY PHARMACOLOGY AND TOXICOLOGY

DEPARTMENT	O'LEVEL REQUIREMENT	Requirement for Admission
VETERINARY PHARMACOLOGY AND TOXICOLOGY	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sitting in: English Language Mathematics Chemistry Physics Biology Any other science subjects	Doctor of Veterinary Medicine or B.Sc.Degree in Pharmacology which is not below second class lower)

DEPARTMENT OF DEPARTMENT OF VETERINARY PHYSIOLOGY AND BIOCHEMISTRY

(a) M.Sc. VETERINARY PHYSIOLOGY

M.Phil, M.Phil/Ph.D &Ph.D

Advanced Cardiology and Cardiovascular Physiology
Advanced Comparative Haematology
Gastrointestinal Physiology
Reproductive Physiology
Renal and Respiration Physiology
Environmental Physiology
Neurophysiology

(b) M.Sc. in VETERINARY BIOCHEMISTRY

M.Phil, M.Phil/Ph.D &Ph.D

Oncology and Molecular Biology
Nutritional Biochemistry and Biotechnology
Drug Metabolism and Toxicology

ADMISSION REQUIREMENTS FOR MASTERS DGREE PROGRAMME IN THE DEPARTMENT OF VETERINARY PHYSIOLOGY AND BIOCHEMISTRY

DEPARTMENT	O'LEVEL REQUIREMENT	Requirement for Admission
VETERINARY PHYSIOLOGY AND BIOCHEMISTRY	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sitting in: English Language Mathematics Chemistry Physics Biology Any other science subjects	1: For Veterinary Physiology (Doctor of Veterinary Medicine or B.Sc.Degree in Physiology which is not below second class lower) 2: For Veterinary Biochemistry (Doctor of Veterinary Medicine only)

DEPARTMENT OF DEPARTMENT OF VETERINARY THERIOGENOLOGY

M. V. Sc. Theriogenology

M.Phil, M.Phil/Ph.D &Ph.D

Veterinary Obstetrics and Gyneacology

Andrology and Artificial insemination

Small Animal Theriogenology

Large Animal Theriogenology

Wildlife and Aquatic Theriogenology

Avian Theriogenology

Assisted reproductive Theriogenology

DEPARTMENT	O'LEVEL REQUIREMENT	Requirement for Admission
DEPARTMENT OF VETERINARY THERIOGENOLOGY	5 'O' level Credit at one sitting or 6 'O' level Credit passes at two sitting in: English Language Mathematics Chemistry Physics Biology Any other science subjects	1: For Veterinary Physiology (Doctor of Veterinary Medicine or B.Sc.Degree in Physiology which is not below second class lower) 2: For Veterinary Biochemistry (Doctor of Veterinary Medicine only)

FACULTY OF TECHNOLOGY

DEPARTMENT OF PETROLEUM ENGINEERING

M.Sc. Petroleum Engineering

M.Phil, M.Phil/Ph.D &Ph.D

Drilling Engineering

Production Engineering

Reservoir Engineering

Natural Gas Engineering

PETROLEUM	5 'O' level credits at ONE sitting or 6 'O' level credits at TWO sittings to	NOT BELOW

FACULTY OF SCHOOL OF BUSINESS (UISB)

Translating realities to business opportunities

ADMISSION INTO PROFESSIONAL POSTGRADUATE PROGRAMMES

The University of Ibadan invites applications from suitably qualified candidates for admission into the under-listed professional postgraduate degree programmes of the University of Ibadan School of Business (UISB)

- a) Master in Business Administration (MBA) - Executive
- b) Master in Business Administration (MBA) - Full-Time or Part-Time
- c) Postgraduate Diploma in Management (PGDM) - Full-Time or Part-Time.

Available areas of specialization;

- ✓ Agribusiness
- ✓ Telecommunications
- ✓ Marketing
- ✓ Personnel
- ✓ Finance and Accounting
- ✓ Entrepreneurship and Operations Management

ELIGIBILITY:

Master of Business Administration (MBA)

Candidates should possess a Bachelor's degree from a recognized University, with minimum of Second Class Honours (Lower Division).

OR

HND (Upper Credit) or ACA, ACMA, AIBA, CIS, CIBN, ACTS etcat minimum of merit level.

OR

Bachelor's degree from a recognized University, with Third Class or Pass, plus Postgraduate Diploma.

OR

HND (Lower Credit) from a recognized Institution, plus Postgraduate Diploma.

Postgraduate Diploma in Management (PGDM)

Candidates should possess Bachelor's degree from a recognized University, with Third Class or Pass.

OR

HND (Lower Credit)

OR

ACA, ACMA, AIBA, CIS, CIBN, ACTS etc at minimum of merit level.

FLEXIBILITY

The executive MBA has been made flexible to accommodate the Business Executives to break their studies and be certified at every break.

NOTE: i. All candidates must satisfy the University of Ibadan matriculation requirements of five credit passes including English at the Ordinary Level (O/L) at one sitting or six credit passes at two sittings.

ii. All applicants may be required to take the English proficiency examination at the University of Ibadan School of Business, University of Ibadan on **(6 wks from publication date)**

DEPARTMENT OF BUSINESS, ENTREPRENEURSHIP AND EXECUTIVE EDUCATION

Professional Master (M.Sc in Entrepreneurship Studies)

Academic Master (M.Sc in Entrepreneurship Education)

Doctor of Philosophy (Ph.D) Entrepreneurship Education,

Master of Philosophy (M.Phil).

Entrepreneurship Education	5 'O' level credits at ONE sitting or 6 'O' level credits at TWO sittings to include English Language, and any other relevant matriculation subjects.	NOT BELOW SECOND CLASS LOWER
----------------------------	---	------------------------------

The Following Programmes are available

Academic Master (M.Sc in Entrepreneurship Education)

The duration of the Academic M.Sc shall be a minimum of three (3) semesters and a maximum of 5 semesters for full-time students.

Applicants are required to have a minimum of Second Class Lower (2²) in ANY discipline. They should also possess 5 credits at one sitting as well as credit in English Language at O'level.

Professional Master (M.Sc. in Entrepreneurship Studies)

The duration of the full programme shall be a minimum of three semesters for full-time students. The programme, which shall be in modules, shall allow the entrepreneurs the flexibility to undergo the programme in convenient portions and be awarded the commensurate certificate or diploma.

- I. A student who completes a minimum of one semester on the Professional track and passes a minimum of 15 units (Max 20) including the compulsory courses for the first semester and wishes to take a break from the programme shall be awarded a **Certificate in Entrepreneurship Studies**.
- II. A student who completes a minimum of two semesters on the Professional track and passes a minimum of 30 units (max 40) including compulsory courses for the second semester and wishes to take a break from studies shall be awarded a **Entrepreneurship Studies**.
- III. To be awarded the **M.Sc. Degree in Entrepreneurship Studies**, a student must complete the minimum of three semesters and pass a minimum of 45 units (Max 60) including all the compulsory courses and internship (equivalent of Industrial Training)

Application into the programme are required to have a minimum of lower credit Higher National Diploma (HND) or its equivalent as recognised by the University of Ibadan Senate from time to time. Degree holders in any discipline with the basic admission requirements for the University of Ibadan shall also be considered.

FOREIGNERS WITHIN AND OUTSIDE NIGERIA

Non-Nigerian applicants within and outside Nigeria should obtain an invoice from the Postgraduate College website and pay into the banks using draft/bank cheque of the value generated on the invoice, payable to the Postgraduate College, University of Ibadan

IMPORTANT NOTICE

GENERAL

Admission Requirements for the Department of Food Tech.; “candidates with B.Sc degrees in Biochemistry, Chemical Engineering, Food Engineering, Microbiology, Nutrition, and Chemistry will be required to spend an additional 2 semesters on the programme”..

The minimum duration for any Master programme in the University of Ibadan is three semesters of full-time study.

In addition to individual departmental course requirements, candidates should please note that in accordance with the University’s regulation, they must satisfy the O’level first degree matriculation requirements of the University of Ibadan i.e. 5 ‘O’ level credit passes at ONE sitting or 6 ‘O’ level credit passes **atnot more than two** sittings including English Language for **ALL** disciplines and Mathematics for **ALL** Science-based disciplines, Economics and Educational Management.

Candidates with **NCE** must have credit passes in **WASCE, NECO** or merit or credit passes in Teacher Certificate Grade II (obtained between **1967 and 1981**) in English Language and four other relevant matriculation subjects.

With the exception of programmes that are both academic and professional (e.g. LLM, M.P.H., M.Inf.Sc., M.L.I.S., M.A.R.M., and M.P.C.S.) only candidates with an academic Master's degree may be considered for higher academic programmes such as M.Phil and Ph.D. Further information on the admission requirements can be obtained from the website of the Postgraduate College.

All Postgraduate applications into the University of Ibadan must be made through this platform with exception of the following recognized/approved platforms

(1)www.cmdportal.com

(2)www.cemarportal.com

(3)www.nimbs.org

Kindly enter full name i.e Surname , First Name and middle Name.

No change of name would be entertained except for ladies on marital ground
